Galaxy Of Food Features Annual Times Cooking School Beginning Sept. 26

Two nationally known home economists, two fashion shows and more than \$5,000 in prizes will feature the 33rd annual Cooking School, sponsored by the Gettysburg Times in the Gettysburg High School auditorium Sept. 26-28, beginning at 7:30 o'clock each evening.

The school will again be conducted in conjunction with the National Livestock and Meat Board Homemaker's Service Board, Chicago, Ill., Carl A. Baum, advertising manager of The Times, announced today.

Miss Mary Metag, the cooking school lecturer, is familiar to Gettysburg residents, having served as assistant lecturer last year. She will be assisted by Miss Betty McKellin, a graduate of Wheaton College, Ill.

EXTENSIVE WORK

Miss Metag received her degree in home economics from Mankato State College, Minn., and taught home economics both in the United States and Europe. She has also done graduate work at Colorado State U. One of the National Board's top home economists, she guides the "galaxy of foods" show in an entertaining and informative manner. More than 40 star-studded recipes will be demonstrated during the show.

Miss McKellin, who is responsible for seeing that the mechanics of the show are in readiness, handles all the back-stage preparation. Her interest in foods comes naturally since her father is the manager of the food service department at Wheaton College and her mother operated a tea room for many years. She has taught home economics in high school and tested new equipment for the Sunbeam Corporation.

Four major prizes will be offered: a Gibson de luxe floor clear refrigerator valued at \$399; a 9x12-foot Lee rug, valued at \$100 and donated by Raymond Home Furnishings; a de luxe Sunbeam automatic Mixmaster, worth \$52.95, and a Sunbeam automatic frypan, worth \$24.95, donated by Weishaar Bros., Inc.; and a West Bend 10-piece cookware set, retailing at \$24.95.

DRAWS WELL

The cooking show which draws almost 5,000 homemakers in three nights promises to be bigger and better this year. Each day's two-hour lecture-demonstration program is entirely new and different from the others. The home economists give helpful tips on the preparation of meats, fruits, vegetables, dairy products, salads, pastries, pies, cookies, etc.

The spectacular climax is the exciting "Star Time," when each food masterpiece for the particular day is artfully garnished and dramatically displayed. Homemakers in the audience holding lucky tickets win the delightful creations.

Fashion shows will be presented Sept. 26-27 by Tobey's and narrated by Lorraine Glick of Baltimore.

WOMEN GET SUSPENDED SENTENCES

Miss Janet Noel, 21, of Hanover, was given a suspended sentence by the Adams County court Tuesday afternoon on charges of contributing to the delinquency of a 17-year-old youth.

She was told by the court that she must remain away from the youth, whom she told the court she loved. She and the young man were employed at the same factory. Testimony given the court was that the youth's parents did not object to the couple's dating until they found out the age of the young woman. As a result of efforts of the young man's mother to keep the two apart, the 17-year-old went to the home of Miss Noel and as a result the charge against her.

Miss Noel's attorney said that the mother and brother of the youth struck Miss Noel and as a result the youth decided to take Miss Noel to Baltimore, part of the charge against her.

\$1,510 BEHIND

Mrs. Marlene Hartlaub, 20, Hanover, was given a suspended sentence on a bad check charge when she appeared before the county court Monday afternoon. Her husband, who said he had \$90 with him to pay the \$50 check and costs, was told to pay the \$90 now and given 30 days to pay the balance. Mrs. Hartlaub said she wrote the check while she had insufficient funds in the bank in order to pay.

Mercury Soars To 94 Degrees Tuesday

Temperatures soared to 94 degrees here Tuesday afternoon to make Tuesday the hottest day in Gettysburg since July 22 when the season's peak of 95 degrees was recorded Tuesday was the ninth day this month with high temperatures in the 90's.

High humidity that continued into the evening made the hot weather more oppressive. The low for Tuesday night was 68 degrees and at 9 a.m. today the mercury stood at 72 degrees before the sun had burned away the regular morning fog.

TRAVEL GROUP HEARS PLANS FOR HOLIDAY

Plans for participation in the Apple Harvest Holiday to be held Oct. 14 under sponsorship of the Fruit Growers Association of Adams County were outlined Tuesday evening at a meeting of the Travel Council at the West St. Branch of the Gettysburg National Bank.

Walter B. Lane, Marshall Tucker and William Warren reported plans for the event noting that "while we are providing \$200 toward the brochure, the far larger share of the expense will be borne by the Fruit Growers. He hopes that in another year we can provide more help and the program can be expanded to a two or three day affair."

Warren reported his contacts of motels so far showed 350 rooms will be provided with apples for the guests. The Hotel Gettysburg, he said, will have apples in the lobby during the "Holiday." Cost of the apples to the owners will be four cents each.

HOLIDAY SIGNS

Distribution of signs in the form of apples advertising the Holiday was reported. Additional signs are to be placed by Travel Council, Lane said.

Reports were presented on the "Operation Gettysburg" program being conducted by the Junior Chamber of Commerce and Saturday Evening Post and the travel group expressed appreciation to both the Jaycees and the national magazine for "performing a great service for Gettysburg."

Reports showed 68 memberships paid up to the present time. Secretary Mrs. Pauline Adamik was directed to visit the remainder of the 120 members to secure their new dues.

NEW BOOKLET PRINTING

Visitations are to be completed by Nov. 14, the deadline for the new "What to Do, What to See at Gettysburg" pamphlet to be printed at that time. Present supplies of the booklet, listing the present membership, will be used up by Jan. 1, President Kenneth Dick reported and new ones will be needed at that time.

Correct Two Inaccuracies

Two inaccuracies in the report of the guided tour of the Battlefield by former President Eisenhower for 42 members of Congress on Monday were called to the attention of the editor of The Times today, and are herewith corrected.

The Times' account stated that General Eisenhower said: "The Confederates were in a confident mood. They had had successes in the south and west." This feeling of confidence General Eisenhower confined to Lee and to Lee's army. In the southwest, in the Vicksburg area, the Confederates were in a very bad state and Grant had completely investigated Vicksburg by May 15, and once that place had fallen, the Confederacy would be divided.

With reference to Stuart The Times reported that General Eisenhower "pointed out that the Richmond papers tore Lee to ribbons." General Eisenhower was talking about the cavalry battle at Brandy Station between Pleasanton and Stuart and not Lee and he said that "Stuart had been torn to pieces by the Richmond papers, and it was possible that he wanted to do something spectacular to regain his lost prestige."

2 Marriage Licenses Are Issued Tuesday

The clerk of the courts issued the following marriage licenses Tuesday:

Jerry L. Shellehamer, son of Mr. and Mrs. George E. Shellehamer, East Berlin R. 2, and Stella G. May, daughter of Mr. and Mrs. Michael May, York Springs.

James W. Showers, son of Mr. and Mrs. Marlin Showers, Aspers R. 1, and Miss Nancy E. Chronister, daughter of Mr. and Mrs. Chester Chronister, York Springs R. 2.

POSTPONE MEETING

Anouncement was made today that the meeting of the Adams County Young Farmers, scheduled for Thursday, has been postponed to a date that has not yet been set.

COUNCIL ADDS 40 TH CHURCH HERE TUESDAY

The board of directors of the Adams County Council of Churches at a meeting Tuesday evening elected its 40th church to membership, announced plans for the annual Reformation Day service in October, planned the Council's annual meeting next January and received reports on "tremendous cooperation" being received from fruitgrowers in the Council's work among the migrant laborers in the county.

The First Methodist Church of Gettysburg was elected to membership in the county Council and Frank Zettle was listed as that congregation's representative on the Council's board of directors. Thursday, January 25, was set as the date for the annual meeting of the Council of Churches. The Council's executive committee will meet November 29 to advance plans for the annual session.

ANOTHER CLOTHING APPEAL

It was announced the annual county-wide Reformation Sunday observance will be held October 29 with a committee from the county Ministerium in charge of arrangements.

The Council board voted to conduct another clothing appeal throughout the county at Thanksgiving time with the clothing to be sent to needy overseas through Church World Service. Announcement of collection points will be made later.

The board voted to have a descriptive brochure on the work and purposes of the Council printed. Dr. Paul L. Reaser was appointed chairman of the committee.

2 DONATIONS ARE VOTED BY LOCAL CLUB

The Exchange Club, meeting Tuesday evening in the Lamp Post Tea Room, heard committee reports and approved two donations.

The club agreed to donate \$25 toward the cost of the annual Gettysburg Halloween parade October 31 and okayed the paying of \$13.96 to the Gettysburg Recreation Department as their share in the annual tot-tot milk program for last summer.

Two thank-you notes, from Martha Bowman, McSherrystown, and Larry Bair, Littlestown, both Adams County 4-H Club members, were read, expressing appreciation to the club for sponsoring their trip to the 4-H show at Pennsylvania State University earlier this year.

William Jordan, a native Georgian, volunteered to represent the club at the invitation of Georgia Gov. Ernest VanDiver at ceremonies dedicating a monument to Georgia troops that fought here during the Civil War.

Crosby Hartzell, Philip Neth and Carl Prosser were appointed as a nominating committee to select three men for six-month terms on the board of directors. The new directors will replace Charles Smith, Jack Chronister and William Jordan.

Program Chairman John J. Slentz announced that "Mental Health" will be the theme of next week's program.

President Ralph K. Will appointed chairman Ted Thomas, C. Robert Ziegler and Al Sterner to arrange for participation in Pennsylvania Week sometime in October.

Dangerous New Hurricane Headed For U.S. Mainland

MIAMI, Fla. (AP) — Hurricane Esther, with peak winds at 130 miles an hour, churned on a west-northwest course today as the tropical Atlantic tossed out hurricanes in Roman candle fashion.

Betsy, Debbie and now Esther have sprung in the past two weeks from the tropical storm nesting grounds off Africa's west coast.

A hurricane hunter airplane from San Juan, P.R., penetrated the storm early today and estimated the center about 1,400 statute miles east of San Juan. The hurricane was moving west-northwest at about 12 m.p.h.

CALLING DANGEROUS

Esther was labelled a "dangerous hurricane" and shipping in her path was warned to exercise caution.

The peak winds cover a small area near the center. Hurricane force winds extend outward 135 miles in the northern semicircle and 65 miles in the southern semicircle. Gale winds extend outward 230 miles in all directions.

The hurricane was expected to

Declares Reds Plan Incidents

BERLIN (AP) — The Communists may try to interfere with Western flights to Berlin after staging incidents at this old German capital's airports, say West Berlin officials.

Communist East Germany already claims the right to control the air corridors into this city 110 miles behind the Iron Curtain. The claim is challenged by the United States, Britain and France.

West Berlin Mayor Willy Brandt's office reported Tuesday it had learned of plans to sneak East German agents into the crowds of refugees and others at West Berlin's Tempelhof and Tegel airports during the next few days.

The agents then would throw themselves on the ground and shout: "I don't want to be kidnapped."

ST. JOSEPH'S WELCOMES 127 NEW STUDENTS

Saint Joseph College, Emmitsburg, welcomed 127 Freshmen today to begin the 152nd academic year of the historic women's college. The largest student body in the college's history, more than 500 students including postulants and Juniorates of the Community of the Daughters of Charity of St. Vincent de Paul, will include 26 Maryland girls among the Freshmen.

Pennsylvania and New Jersey are close runners-up in the matter of number of students contributed, with 25 and 22 representatives, respectively. Seventeen Freshmen are from New York, while 16 others are from various cities in Virginia. Home towns for the balance of the incoming Freshman Class range from Maine to Florida and includes Puerto Rico, Canal Zone and Aruba, Netherlands Antilles. Also in the class are 18 students carrying on the tradition of family attendance at Saint Joseph College.

An alumnae open house this afternoon started the orientation program for the students, after which the entire group was officially welcomed to the college by Sister Hilda Gleason, president of Saint Joseph.

OTHER ACTIVITIES

Thursday the new class will be assisted by a committee of upperclassmen in registration and is scheduled to attend a "Meet the Faculty" social in the student center in the evening.

A series of tests will precede

Plan Spiritual Life Retreat Thursday

The Adams County WCTU will hold a Spiritual Life retreat at St. James Lutheran Church here Thursday from 10:30 a.m. until 3:30 p.m. with Miss Frances I. Miller, state director of the Department of Spiritual Life and Prison Welfare of the Pennsylvania Women's Christian Temperance League, as the leader.

Miss Miller served as a missionary of the Methodist Church in China for a number of years but for the last several years has devoted much of her time to planning and conducting spiritual retreats in this state and elsewhere.

Those attending are asked to bring box lunches. The morning and afternoon sessions will be held in the Maude Miller room at the St. James parish house. All persons interested are welcome to attend.

DR. BAUGHMAN REPORTS UPON MERGER STUDY

A meeting of the committee studying the merger of the Mt. Airy and Gettysburg Lutheran Theological Seminaries is scheduled to be held "the latter part of this month," Dr. Harry F. Baughman, president of the local seminary, told the Gettysburg Travel Council at its meeting Tuesday evening at the West St. Branch of the Gettysburg National Bank.

Invited to report on the merger proceedings to the group which had been disturbed by rumors the seminary might be moved from Gettysburg, Dr. Baughman said the committee which has been studying the merger proposals for some time has "at least six alternative proposals" but added that "one possible development of the meeting later this month may be for the committee to report that it can reach no decision and ask to be disbanded."

Among alternatives that have been suggested have been merger of the two seminaries while retaining both campuses; merger of the two and removal of the Mt. Airy Seminary to Gettysburg; merger of the two with Gettysburg and Mt. Airy seminaries being closed and a new seminary built in or near Philadelphia; merger of the two, closing of both seminaries, and establishment of a seminary at a new site in the northern U. S.; continuation of both seminaries as they are now.

Dr. Baughman said that heads of the church are highly in favor of establishment of a new seminary site near a university to permit the students to have the

H. C. GULDEN, ASPERS, DIES TUESDAY AT 83

Harry C. Gulden, 83, for many years proprietor of the H. C. Gulden Manufacturing Company of Aspers, died Tuesday evening at 10:45 o'clock at the Warner Hospital from a complication of diseases. He had been in failing health for six weeks.

A son of the late Henry J. and Anna M. (Myers) Gulden, he was born and lived all his life in Adams County.

He was a member of the Christ Lutheran Church of Aspers, a charter member of the Aspers Fire Company, a member of the Adams County Firemen's Association, belonged to the Gettysburg lodges of the Elks and Eagles, the Loyal Order of Moose of Carlisle and the Bendersville POS of A.

Surviving are two sons, William Earl and Howard L., both of Camp Hill; five grandchildren and eight great-grandchildren. There is one brother, Charles H. Gulden, Aspers. His wife, the former Grace Wierman, died a number of years ago.

FUNERAL SERVICES

Funeral services Friday afternoon at 2 o'clock at the Dugan Funeral Home at Bendersville with his pastor, the Rev. Dr. O. D. Coble, officiating. Interment in the Bendersville Cemetery. Friends may call at the funeral home Thursday evening after 7 o'clock.

Drive Dozes; Car Hits Guard Posts

Donald E. Kimple, 22, Fayetteville R. 1, suffered a cut forehead and contusions and bruises of both knees when his car went off the Gettysburg-Harrisburg highway one mile south of York Springs at 2 o'clock Tuesday afternoon and struck guard posts.

State police, who are continuing their investigation, said Kimple fell asleep while driving south, his car went off the road, and Kimple was hurled from the vehicle by the impact of the auto hitting the posts of the guard fence. Damage to the car was estimated at "several hundred dollars."

Kimple was removed by the investigating officer to the Warner

Adams County Is Listed As "Area Of Substantial Unemployment" By U.S.

40 NEW CASES OF ASSISTANCE ARE REPORTED

Public assistance in Adams County is up 40 cases and 94 persons over the numbers receiving assistance a year ago, according to reports presented to the Assistance Board at its meeting Tuesday evening at the home of the secretary, Mrs. J. Kermit Hereter, N. Howard Ave.

The report showed no great increase in assistance cases caused by unemployment. Of the 40-case increase, 24 were for old age assistance and blind pension. Many of the old age assistance grants were to supplement low social security payments.

Thirteen of the cases reflected additional unemployment in the area, the board said.

HAS 577 CASES

At the present time the board has 577 cases in which 1,164 persons are assisted. Of that number, 213 cases involving 218 persons are old age assistance. One hundred fourteen cases and 114 persons are blind pensions. There are 13 cases listed under aid for dependent children whose fathers are out of work. Ninety-one persons are aided in those 13 cases. There are 129 cases in which 606 persons are aided under the heading of aid to dependent children where the father is either dead or has disappeared or supplemental help is needed where salaries are low. There are 50 cases of aid to the disabled involving 56 persons and 58 cases of general assistance aiding 79 persons which includes aid given where the breadwinner is ill or in his 60s awaiting Social Security.

Mrs. Verna Myers, director of public assistance, reported to the board the naming of a new field representative for the seven-county district including Adams. Frank J. Setcavage, Harrisburg, has replaced Miss Rae Lehman who has retired.

Plans for attendance at the regional conference of the Pennsylvania Welfare Forum to be held Sept. 19 at the West Shore Country Club, Harrisburg, were announced.

Those scheduled to attend the conference from the local office are Mrs. Myers, Mrs. James Parry and Samuel M. Sollenberger. Among matters to be discussed at the conference are proposals for unification of all welfare agencies.

Plans for the conference were made by a committee which included Mrs. Myers and Mrs. Henry T. Bream of Gettysburg.

SOROPTIMISTS SEE SLIDES ON RESTORATION

Members of the Soroptimist Club heard a report on "Campaign Gettysburg" at its first dinner meeting of the fall season at the Lamp Post Tea Room Tuesday night.

Attorney Oscar Spicer, representative of the Junior Chamber of Commerce, explained the project undertaken by the Jaycees with The Saturday Evening Post, which has as its goal the restoration of the historic image of Gettysburg.

With the aid of color slides Spicer showed what could be done with several of the buildings to convert their appearance to the Civil War period, and what could be accomplished at comparatively small expense with some paint, a few shutters and some flower boxes. Dr. Milton Osborne, noted architect, made sketches of the buildings.

PROGRAM COMMITTEE

The program was in charge of the program committee, with Mrs. H. W. Baker, chairman, Mrs. Kenneth Dick and Mrs. Frederick Griest assisted by the public affairs committee, Miss Virginia Myers, Miss Julia Peters and Mrs. Fred Faber.

Mrs. Baker acted as toastmistress and Mrs. Faber gave the invocation. Table decorations included fall fruits. Group singing was led by Mrs. Sizer Burton accompanied on the organ by Mrs. Howard Hartzell.

Dr. Elizabeth Gregg, president, made several announcements concerning the forthcoming western district meeting which will be held Oct. 6-8 in York. All members were urged to attend.

Mrs. Robert Smith was awarded the "on the dot" prize.

The Pennsylvania Bureau of Employment Security has announced that the Gettysburg labor market area, which is comprised of all of Adams County, has been declared an area of substantial unemployment by the U.S. Department of Labor, Washington, D. C.

This classification was made on the basis of a survey prepared and submitted by the bureau's labor market analyst in cooperation with the local state employment office.

This survey revealed that in mid-July there were 1,500 workers unemployed in Adams County. HIGH FOR TWO YEARS

This represented 7.3 per cent of the total civilian work force, the bureau said.

This survey also revealed that six months ago there were 2,100 unemployed, representing 10.6 per cent of the work force.

In fact, the survey revealed that unemployment has exceeded six per cent of the work force for the last two years, with the exception of a few autumn months, during which employment is seasonal agriculture and food processing are at their peak.

MANUFACTURING STEADY

According to the survey, there were 19,000 persons employed in the area during July, of which 13,800 represented nonagriculture wage and salary workers.

It is significant, the announcement said, that manufacturing employment, which totaled 7,000 in July, 1961, has remained practically the same for more than a year, except for the seasonal fluctuation in food processing during the months of August to December.

Nonmanufacturing employment (construction, retail trade, service, government, etc.) has increased slightly during the last two years but not enough to absorb increases in the work force as a result of high school and other youths being added each year.

85 COUNTIANS APPEAL FROM ASSESSMENTS

Eighty-five Upper Adams countians visited the Biglerville Elementary School Tuesday night to seek changes in their occupation assessment.

The Adams County commissioners, holding the first of a series of eight meetings throughout the county to hear appeals from the new occupation assessments, said the great majority of those present had been listed in the wrong occupation and it was a matter of only a few moments per person to correct the errors.

At their meeting in the courtroom today, the commissioners also said they found the number at Biglerville less than they had expected considering the thousands of changes made in the occupation assessments and the possibilities of error in assigning a category in the occupation assessment.

YORK SPRINGS TONIGHT

This evening the commissioners will be at the York Springs Elementary School from 7 to 9 o'clock to hear occupation appeals there. Next Tuesday night they will be at East Berlin Elementary School and next Wednesday, September 20, at New Oxford High School.

This afternoon the commissioners continued with appeals of real estate assessments.

Engineer Wilbur Plank and County Register and Recorder Carl S. Menchey met with the commissioners this morning to go over plans for enlargement and renovation of the register and recorder's office. The plans will now be sent to Harrisburg for approval by state authorities.

In announcing plans for enlargement of the register and recorder's office, the commissioners said they have not as yet determined the future locations for the Child Welfare Services and county Extension office, both of which are scheduled to be moved from present quarters in the courthouse to permit expansion of other offices.

Nominate 2 Local Men To New Post

Dr. Harry F. Baughman, president of the Lutheran Seminary, and Rev. Lawrence Folkemer, professor of theology here, are among the Lutherans who have been nominated for positions in the new Lutheran Church in America, a merger of four bodies.

Dr. Baughman has been nominated to the court of adjudication and Rev. Folkemer has been nominated to the board of college education.

Recovery Ships Are Racing To U.S. Artificial Astronaut Spot

By HOWARD BENEDICT
CAPE CANAVERAL, Fla. (AP) —The United States sent an "artificial astronaut" on a one-turn orbital ride around the earth today and brought the space vehicle back to a landing in the Atlantic.

The Project Mercury space capsule went up at 9:04 a.m. from this missile test center on the nose of a mighty Atlas rocket.

An hour and 46 minutes later, the National Aeronautics and Space Administration reported the space traveler had been lowered on its parachutes.

The intended impact area was 230 miles east of Bermuda.

Recovery ships and planes hastened to the area to attempt recovery.

An airplane spotted the floating capsule minutes after it landed.

The capsule is identical to the one a man is expected to ride on a three-turn orbital flight in a few months. The robot spaceman—a small gray box of instruments—was designed to "breathe, sweat and talk" just like a human astronaut.

Full success for the trial would be a long leap forward in the program aimed to match or surpass Russia's manned orbital flights.

40 MILES SHORT

NASA officials spotted the landing point as 160 miles east of Bermuda, some 40 miles short of the planned impact point.

That created some delay in the recovery operation.

The USS Decatur, a destroyer, was the closest ship. It was expected to arrive about noon EST.

2 Boys Report On Keystone Camp

Two youths who attended the American Legion Keystone Boys Camp this summer under auspices of the local American Legion were the speakers Monday evening at the meeting of the Albert J. Lentz post in the American Legion club, Baltimore St.

Dr. Frederick Tilberg, chairman of the committee which arranged attendance for the youths, introduced the two, Philip Redman and Linden Green. The boys outlined the work at the boys' camp at Indiantown Gap and expressed their appreciation to the local post for sponsoring their attendance.

Commander Robert Fox announced that the new post officers will be installed at the October 2 meeting of the post by District Commander O. Perry House.

Adjutant William T. Timmins Jr. announced that 1962 membership cards have been obtained and that those wishing to pay their next year's membership may do so now.

Second Man Jailed In Camp Brawl

Counter-charges of assault and battery have been filed before Justice of the Peace Robert P. Snyder as the result of a fracas Sunday at Boyer's labor camp, Biglerville R. 2, state police said today.

Charles Robinson, 22, who had been charged with assault and battery by Jack Calhoun, 21, of Union Springs, Ala., Sunday, filed the counter-charges Tuesday and Calhoun also was placed in the Adams County jail.

Justice Snyder said a hearing will be held later this week. State police made the arrests in both cases.

DIRECTORS TO MEET

The board of directors of the Gettysburg Recreation Association will meet Monday evening at 8 o'clock in the rec office at the high school, secretary Mrs. G. Donald Wickerham announced today.

STOCKS STRUGGLE HIGHER

NEW YORK (AP) — The stock market had to struggle to maintain a morning advance as profit-taking clipped back gains early this afternoon. Trading was moderate.

The Associated Press 60-stock average at noon was up 0.40 at 256.20 with industrials up 0.90, rails up 0.10 and utilities up 0.10.

GM HOPES VANISH

DETROIT (AP) — Hope vanished today that General Motors Corp. and the United Auto Workers Union could reach agreement by Thursday on a new contract and end crippling local-level strikes that have closed more than 90 GM plants.

Flies 3,645 Miles Per Hour

EDWARDS AIR FORCE BASE, Calif. (AP) — Fuel pressure failure, smoke in the cabin and an inflated pressure suit don't stop test pilot Joe Walker.

He ignored them all Tuesday and piloted his X15 rocket plane to a "by guess and by gosh" world speed mark for a winged craft to 3,645 miles an hour.

He broke Air Force Maj. Bob White's record by 42 m.p.h. despite:

1. Fuel pressure failure in the X15 moments after its drop from a B52 mother ship. Walker throttled the 57,000-pound thrust engine to half power until fuel pressure was restored.
2. A cloud of smoke in the cockpit which Walker said he thought came from paint scoring in the nose.
3. Inflation of his pressure suit, explained as a test of the suit's ability to compensate for loss of cabin pressure.
4. Air friction that shot the fuel temperature to almost 900 degrees and set the X15's steel skin "popping like a hot stove," in Walker's words.

PATORS ELECT REV. J. MARTIN

Rev. John Martin, New Oxford, became president of the Adams County Ministerium at its meeting Monday morning at 10 o'clock in St. John's Lutheran Church, Littlestown. He replaces Rev. Norman Marden, who recently moved from Bendersville. Rev. Robert MacAskill of the Gettysburg Presbyterian Church was elected vice president.

The host pastor, Rev. William C. Karns, offered the brief opening devotions. Rev. John Kugle, of the New Oxford Lutheran Church, was welcomed as a newcomer to the group.

In the business session, the group approved the proposed schedule for the coming year which will include meetings in various churches and a diversified program.

Rev. Otto Kroeger, Fairfield Lutheran pastor, introduced the program for the morning and the Rev. Charles Mingle, Shillsville, who introduced Rev. Craig Dorwood, immediate past president of the Lebanon County Ministerium and pastor of the Lutheran Church in Jonestown. Rev. Dorwood spoke on the format of their group, which also meets monthly for breakfast, devotions and informal discussion sessions. Meetings last the entire morning and stress fellowship. Interest is high among the members, he said.

The meeting adjourned at 11:50 a.m.

Boy, 9, Located After Long Search

Borough police and firemen were called Tuesday evening about 8 o'clock to search for a nine-year-old boy who failed to get on the school bus after classes Tuesday.

Clarence Thorne, who lives near Woodlawn Park along Rt. 30 West, was found walking toward home by Fire Chief Frank Lynn, who took the youth the rest of the way home.

There was no explanation as to why the youth missed his bus. In addition to police and firemen, members of the Adams County Amateur Radio Society aided in the search. Paul Hoffman, emergency coordinator for the group, operated a mobile radio station in his car during the search while Charles Tipton served as base station for contacts with the CD center here.

Missionaries To Tell About Cuba

Two former missionaries to Cuba will speak and show pictures of their work at the Iron Springs Brethren in Christ Church Thursday evening at 7:30 o'clock, according to Rev. James J. Lesh, pastor of the church.

Rev. and Mrs. Howard Wolgemuth were in Cuba for several years before being forced to leave. They last visited Cuba last March. They will report on conditions in Cuba and how they plan to continue their efforts for the Cubans.

2 GOP Leaders Visit Eisenhower

Two high ranking Republicans visited former President Dwight D. Eisenhower Tuesday at his farm.

Sen. Everett M. Dirksen of Illinois, Senate Republican leader, and Rep. Charles A. Halleck of Indiana, House minority leader, flew to Gettysburg from Washington. They were accompanied by Robert Humphreys, staff consultant for the joint Senate-House Republican Liaison committee.

An Eisenhower spokesman said there was little doubt the meeting was "just social," since it was held at the farm and not at the former president's office in Gettysburg.

ADD POSTAL DISPATCH

The Fairfield post office has announced that a second dispatch service has been added on a trial basis at 9:30 a.m. The regular dispatch time remains 5 p.m. The post office stressed that the new service is not permanent but only on a trial basis.

COUNCIL ADDS

mittee in charge. Dr. Reaser earlier in the meeting presented a report as chairman of a committee on proposed amendments to the Council's constitution.

"EXEMPLARY SERVICE"

The Rev. Maynard Barnhart Jr., Arendtsville Lutheran pastor and Council's representative on the county committee on migrant work, said Adams County has an "exemplary chaplain service" for migrants. That service and the day care center at Biglerville have attracted visitors from points as far distant as Michigan and New York and have won many compliments.

He described the Council's chaplain, the Rev. Joseph Haggler Jr., as being "on the ball" and said fruitmen are giving the chaplain service and the day care center at Biglerville their full support and cooperation. He said the day care center is continuing with about 15 pre-school age children under volunteer leadership since most of the children have entered school. He spoke of the help given by Chaplain Haggler in many phases of this work.

KARSCHNER PRESIDES

The Rev. Mr. Barnhart also reported on a visit made this summer to a migrant labor center in Adams County, Colorado, where 500 sugar beet harvesters live. He urged the council to carry out plans made early this year to acquire and develop a county migrant center.

Treasurer Arthur M. Gordon reported about 75 per cent of the Council members' contributions have been received to date.

The meeting, held in the St. James Lutheran parish house here, was presided over by the Rev. Lester J. Karschner, Abbotstown, county president.

TO GIVE FACTS ON NEW WHEAT FOR NEXT YEAR

The Adams County Agricultural Stabilization and Conservation Committee today announced meetings Thursday and Friday evenings at the Adams Electric Co-operative building here at 8 o'clock at which farmers will be given information on the new wheat and barley programs for 1962.

Because of the complexity of the programs and the number of details that will be discussed, all farmers planning to raise wheat and barley are asked to attend the meetings.

Price support for wheat locally will be about 25 cents a bushel, J. Glenn Miller, office manager for the Adams County ASC, and Myles E. Starnier, its chairman, have announced.

ALLOTMENTS LOWER

Price support will be available to those producers who comply with the 1962 wheat allotment and who participate in the special wheat stabilization program.

Farm wheat allotments for 1962 are ten per cent lower than they were under previous legislation. Marketing quota penalties have been increased. Where the penalty was about \$1.08 a bushel a year ago, the penalty will be about \$1.56 a bushel on next year's crop.

Payments will be made to wheat growers who cooperate in the special 1962 wheat stabilization program for diverting a specified portion of their wheat acreage to conservation uses, it was announced. Growers of more than ten acres may divert one-third of their allotment. Those with ten acres or less may divert the entire allotment.

DETAILS AVAILABLE

Starnier emphasized that many of the details have to be worked out for each farm and that "the County ASCS office is the place to go to find out those details for your farm. However, the new limitation on the amount of wheat that can be grown on a farm without involving marketing quota penalties is as follows:

"On farms where the allotment is less than 13.5 acres and less than 13.5 acres of wheat was harvested in 1959, 1960 and 1961 the limit is the larger of the allotment or the largest acreage harvested in 1959, 1960 or 1961.

"On farms where the allotment is less than 13.5 acres and the farm had more than 13.5 acres of wheat for harvest in either 1959, 1960 or 1961 the limit is 13.5 acres.

CHURCHWOMEN HOLD ELECTION

Mrs. Charles E. Ritter was elected president of the Loyalty Class of St. Paul's Lutheran Church at the first fall meeting held on Monday evening. Others elected to office follow: First vice president, Mrs. Leroy W. Bish; second vice president, Mrs. C. Aaron Rohrbach; secretary, Mrs. Robert B. DeGroot; first assistant, Mrs. H. C. Oberlander; second assistant, Mrs. George Schaefer; treasurer, Mrs. George Rhodes.

The meeting was conducted in the form of a class in school and opened with songs by the group. The Scripture was read by Mrs. Luther W. Ritter, followed with the Lord's Prayer in unison. Mrs. Robert Gitt, retiring secretary, and Mrs. Rhodes, treasurer, gave their reports. Mrs. J. Ray Rein-dollar is the retiring president. The guess package, given by Miss Janet Lemmon was received by Mrs. Bish. The new president will rearrange the class groups. Plans were made to serve a wedding reception on Saturday at the church.

During the social hour, school type games were played. Refreshments were served by the members of group four, composed of Mrs. Robert Gitt, chairman, Mrs. Harry Weisel, Mrs. Luther Ritter, Mrs. Aaron Rohrbach, Mrs. Maurice E. Bream, Mrs. Clarence O. Bankert, Mrs. Clinton O. Sentz and Mrs. James Carpenter. The class will meet again on Monday, October 2, at the church.

CLASS MEETING HELD

The bimonthly meeting of the Young Women's Bible Class of Redeemer's United Church of Christ was held on Monday evening at the home of Mrs. Robert W. Hall, near town. The opening devotionals included the Scripture reading by Mrs. C. Maus Morehead Jr.; prayer by the Rev. Glenn Flinchbaugh, pastor, teacher of the class. Plans were made to conduct a food stand at the John W. Hankey public sale, Littlestown R. 2, on Saturday, Mrs. Richard D. Thomas, president, presided. A film was shown at the conclusion of business and refreshments were served by the hostess. The next meeting of the class will be held Monday, November 13, at the home of Mrs. Maus Morehead, Prince St.

Ocker-Snyder Post No. 321, American Legion will meet at 8 p.m. on Thursday at the post home, E. King St. The refreshment committee for the first September session comprises Norman Sentz and Elmer W. JET LANDS SAFELY

SEATTLE (AP) — A Western Airlines 720 jet landed safely Tuesday night after trouble developed in the hydraulic system, cutting braking power.

Turbo-fans on the plane were reversed and it landed without incident.

The plane carried 44 passengers and a crew of seven from Los Angeles.

NEWSPAPERS RIBBED

MONTGOMERY, Ala. (AP) — Newspapersmen who cover the Alabama Legislature took a ribbing from the Senate.

Sen. Alton Turner of Crenshaw County and 26 of his colleagues introduced a bill Tuesday to require newspapers to print news in black ink and editorials and opinions in red.

Going along with the gag, Lt. Gov. Albert Boutwell dutifully referred the bill to the Judiciary Committee despite Turner's request to have it sent to his Military Affairs Committee.

SET MARKS IN TARGET SHOOT AT THURMONT

Robert W. Smith, Taneytown, was among five of the 19 gunners who turned in scores that topped the world's record at the Thurmont Conservation and Sportsmen's Club last Saturday to shoot the seventh consecutive clay target marathon.

A past president of the Amateur Trapshooting Association Frank Dissinger of Lebanon, Pa., turned in the winning score of 993x1000.

Close behind were Dr. Walton Wall, Orlando, Fla., and another ATA past president, Robert W. Smith, of Taneytown. Both posted 991 out of a possible 1,000 targets. Following a shoot-off in which both broke perfect scores of 50 additional clays, a flip of a coin decided second and third places to Smith and Wall, respectively. Each of these gunners had taken top honors twice in earlier marathons. The fourth place trophy was won by Dom Scibilia of Moorestown, N. J., after a shoot-off with Carroll E. Kinsey of Thurmont. Both had broken 986x1000.

OLD MARK 983

The world's record was set by Lee Shafer of Salt Lake City, Utah, in May, 1956, when he smashed 983 clays to unseat Robert Smith who originated and won top honors in the first registered 1000 target marathon in history with a score of 972 in 1955.

The 19 entries finished Saturday's race in a total time of eight consecutive shooting hours, taking the only break, for lunch, after the first 500 targets.

Outstanding runs without a miss during the event were those of Dissinger who totaled 386 straight, and Smith who began the match by breaking 324 targets before dropping his first one. This ended a straight of 527 total 16-yard targets for Smith who began the run at the Grand American Trapshooting Tournament in late August at Vandalia, Ohio.

\$25 DONATION

Miss Irene Wolfe reported plans to distribute magazines to the guests. A \$25 donation from the Adult Bible class of the York Springs Church of God was announced.

Mrs. Ira Henderson, activities of the home chairman, reported the August birthday party was conducted by the Women's Guild of the Mt. Olivet Church of which Rev. Ernest Brindle is pastor. The East Berlin Fire Co., she said, will have charge of the September birthday party.

Mrs. Henderson's report also stated the Baptist congregation has been visiting the home Saturdays and providing music; Sunday services have been conducted by the Harborlight Bearers of York Springs, the Lower Marsh Creek Presbyterians, Rev. Dr. Henry W. Sternat, the Women of St. James Lutheran Church, the Brethren in Christ Church of East Berlin and the Fairfield Lutheran Church.

GIVEN PARAKEETS

She reported that through arrangements made by the Council of Churches Richard Truchess, of the local Lutheran seminary, and other ministerial students will conduct regular Sunday morning devotions at the home.

Among donations reported were 10 bushels of carrots from H. Earl Pitzer; okra and cucumbers from the East Berlin Brethren in Christ Church, books from LeRoy Smith News Agency, two parakeets from Mrs. J. R. Whitaker, rolls and bread from the Elks, five bushels of peaches from Mrs. Edna Kuhn, a half bushel of peaches from Mrs. William Brent, five watermelons from a New Oxford Lutheran Sunday School, flowers for bed-fest patients from the Harvesters Sunday School class of Heidlersburg United Brethren Church, cucumbers and okra from Mrs. Bin-lins Fadenrecht, York Springs; six card tables from the Upper End Republican Women; apples, peaches and all types of vegetables from the South Mountain Fair Association.

The support order of Bernard Hewitt, Gettysburg R. D., was set as \$10 per week for the support of one child. He was reported \$1,510 in arrears on his prior support order and was directed to pay \$5 per week additional toward the arrearage and costs.

A hearing was held in the estate of J. Nelson McDonald, late of Oxford Twp., to determine whether 500 shares of stock in the hands of Mrs. Miriam Carbaugh, New Oxford, should be turned over to his estate.

Mrs. Agnes Jones, Shrewsbury, administratrix of her uncle's estate, said the stock was still registered in her late uncle's name and should become part of his estate.

GIVEN TO NURSE

There seemed general agreement that the stock was worth \$4,437.50 at the time of the late Mr. McDonald's death.

Mrs. Carbaugh, a nurse at the Brethren Home at Cross Keys where Mr. McDonald had been a guest for a number of years before his death, said he gave her the stock for the many things she had done for him. Her sister-in-law, Mrs. Laura Freed, New Oxford, testified to Mrs. Carbaugh's taking Mr. McDonald for rides, helping him conduct his business, etc., in her free time.

She told of a trip to Florida with Mrs. Carbaugh and Mr. McDonald during which Mr. McDonald told her he "didn't know what he would do without her" and that "if anything happens to me, Mrs. Carbaugh will be taken care of."

Mrs. Carbaugh said Mr. McDonald had shown her the stock in a locked box he kept in his room at the home and said the stock was hers. She said about three weeks later he asked if she had gotten the stock and when she said she had not he had her open the box, remove the stock, give it to him and then he returned it to her, saying the stock was "hers." He also stated he planned to have the registration of the stock formally changed to her name, Mrs. Carbaugh said, but it was never done.

Following the hearing the court directed that the attorneys present arguments before it on the matter after the testimony is transcribed.

Girl Scout News

Twenty-two members of Intermediate Girl Scout Troop 70 of Gettysburg returned Sunday afternoon from a weekend of primitive camping at Camp Happy Valley, near Fairfield.

At camp the group learned to pitch and strike tents, construct caches for storing food, and other requirements of the Pioneer badge. After practicing cooking on wood fires they prepared a dinner of barbecued chicken and corn on the cob for their leaders, Mrs. Harry E. Baker and Mrs. Ernest Overton, and guests, Mrs. Larry Parish and Mr. Baker.

Plans were made for a tour to Lancaster and the "Dutch Country" in October.

A campfire program Saturday night and a "Scout's Own" service Sunday morning were among features of the camp. Mrs. Harold Street assisted in leadership of the camp.

The next meeting of the group will be held Thursday with the members meeting at the gates of the National Cemetery on Baltimore St. at 3:45 o'clock.

TRAVEL GROUP

(Continued From Page 1)

The council voted to close the Travel Council Information Office in the Western Maryland Railway Depot on Carlisle St. evenings at 5 o'clock hereafter with the exception of Saturday when it will be open to 7 o'clock. Mrs. Adamik reported only about three tourists a night using the center since Labor Day. She reported the center had its busiest month in August when more than 30,000 people were served by the office. Since Labor Day, visitation by tourists has greatly declined.

Luther Shryock, of the Battlefield Guides Association, and others urged the council to stress in its publicity the extent of the battlefield. "I had a man ask me the other night to take him over the battlefield in a half hour. I told him it could not be done and urged he wait until the next day when it could be seen. He decided he could not stay here that long."

TOURISTS STAY OVER

Shryock and most Travel Council members present agreed that more tourists than ever before "stayed over" this year to spend two or more days touring the field and visiting the museums and attractions in the area. Distributing guides' pamphlets to members at the meeting, he

SEEK BOOST IN BUS RATES

HARRISBURG (AP) — Wolf Bus Lines of York Springs is seeking permission to boost its fares between the Mechanicsburg Naval Depot and the Carlisle-Hickorytown-Mechanicsburg areas, starting Oct. 8.

The company told the Public Utility Commission Tuesday the fare increase would produce an estimated \$400 in additional revenue each year.

Under the proposal, Wolf Bus lines would raise one-way cash fares between the depot and Carlisle from 30 to 35 cents while cash fares between the depot and Hickorytown would go from 15 to 35 cents.

The line also wants to raise by 50 cents the cost of 10-trip tickets used by depot employees traveling back and forth from Carlisle and Mechanicsburg. These tickets would go from \$2.50 to \$3 for Carlisle users and from \$1.50 to \$2 for Mechanicsburg riders.

campus tours and informal mixers on Friday, while the various campus organizations will introduce themselves during the Saturday session. On Sunday the Freshmen and their guides will visit the Gettysburg Battlefield in the afternoon and attend the Little Sister-Big Sister mixer, a get-acquainted social on the college campus.

Upperclassmen will complete their registration on Monday. On Tuesday students and faculty will join in an academic procession and attend the Mass of the Holy Ghost prior to the official beginning of classes in midmorning.

asked those in need of the brochures to contact him for new supplies. Several had complained that they ran out of the guide brochures early in the season and did not know how to obtain more. Shryock said the brochure lists a tour of "an hour and a half to two hours." He said many people decide not to tour the field if told that the trip takes two hours, but will "go" for the shorter trip. Usually, he added, when they get on the field they spend the full two hours there.

Shryock complained of the closing of the avenue to Meade's headquarters by the National Park and plans of the park service to place walkways, "a mile of them," over part of the battlefield including the High Water Mark area. He said he noticed work had been stopped on the footpaths and said he believes that opposition by a local organization caused the stoppage.

TWENTY-FIVE YEARS AGO
Three-Day South Mountain Fair Opens Wednesday; Barn Dance, Circus, Exhibits Are Features
At 9 o'clock Wednesday morning the annual South Mountain fair—the most important agricultural, educational and commercial event of the year in Adams county—will open officially. The fair will close Friday night. All is in readiness at the fairgrounds for the annual event. The interiors of all exhibit buildings have been painted and concrete floors have been placed in all display buildings in the upper section of the grounds.

M. E. Knouse, chairman of the executive committee of the fair association, said today, "As far as the buildings and grounds are concerned, we are prepared to offer the biggest and best fair in the history of the event." Department heads report indications point to a finer quality of exhibits than has ever been displayed at the fair. Judging of exhibits will take place Tuesday evening and Wednesday morning.

Republicans Hold Rally: Approximately 1,500 persons attended the republican rally held on the athletic field, Fairfield, on Saturday night. Included in the assembly, said to be the largest of its kind ever held in Fairfield, were many persons from other sections of the county and also from Maryland. Several hundred chairs were banked before the grandstand and immediately in front of the speakers' stand. The stand, which was 15 by 20 feet, was decorated with bunting, American flags and sun flowers. The entire field was well lighted.

\$10 Theft At Eagles' Home: Robbers jimmied open a first floor window on the east side of the home of the Gettysburg aerie of the Fraternal Order of Eagles early Sunday morning and escaped with about \$10 in cash and several dollars worth of cigarettes. The theft was discovered about 7:30 o'clock Sunday morning by James A. Aumen when he arrived at the building. The building had been closed about 2 o'clock Sunday morning, James B. Aumen, secretary of the morning. The theft was reported to local police and Officers George B. Aughinbaugh and Charles W. Culp began an investigation.

\$103,639 Low Bid For Work On Park Roads: Four bids, ranging from \$103,639.40 up to \$172,713.25, have been received by the national park service for the re-surfacing of 3.77 miles of battlefield avenues, including the re-building of some sections, re-location of short sections of others and the necessary moving of six monuments to conform with the changes in the avenues. The greater part of the work will be re-conditioning avenue surfaces.

Since the bids were opened in Washington, D. C., last Thursday, the bureau of public roads has recommended to the national park service that the contract for the work, which is to be completed 300 working days after letting of the contract, be awarded to the lowest bidder, the Highway Engineering and Construction company, Inc., Washington, D. C., at its bid of \$103,639.40.

22,359 Voters Registered For Fall Election: While Adams county democrats lost 28 voters, county republicans gained 51, resulting in a reduction of 79 in the democratic majority in Adams county since the spring registration figures were announced prior to the April primary elections. These facts are revealed in fall registration announced today at the office of the county commissioners. The registration figures have been compiled on the basis of reports submitted by the registry assessors in the 42 election districts of the county.

Today's Talk

KEEP GOING
A lady called upon me in my office rather recently to present a business proposition. I listened to her and became interested in her story.
When she had finished her business talk she told me much of her philosophy of living. She was all smiles. She had few wrinkles. Her hair was but slightly touched with grey.
"How old do you think I am?" she asked. "Not a day over fifty," I replied—for it is always the mark of intelligence to hit just a little low when it comes to a lady's age. "I am in my 77th year," she replied. And she said she felt her feeling of youth was due to the fact that she had kept going. She said she had read somewhere that "Keep Going" had been Senator Chauncey A. Depew's motto, and that good and able senator died at age 94.

What a great motto this is. Keep going!
An active life is always a useful life. Even a dumb machine begins to rust and fall to pieces when it is not given over to use.
Keep going and you will grow old by staying young, strange as that may sound. For, after all, youth is pretty much a state of mind. The body's outward covering counts for little so long as the mind stays healthy and full of that appreciation that welcomes the coming of new springs from year to year.

I have also noted that "retired" men frequently do not seem to live very long after they give up their activities and duties of business life.

The antidote for sudden failure in business is to—keep going. When disappointment comes upon you unawares it is not wise to sit and despair, but to stand up life your chin and—keep going!

Tomorrow Mr. Adams will talk on the subject: "Hands That Reach And Lead"

Just Folks

OLD-FASHIONED PICTURES
Farewell to the old-fashioned pictures

That long we have kept on the wall;

They've got to come down in the morning;

The death knell has rung for them all,

With pride, I remember, we hung them

Where visitors always might see;

But they're got to come down on the morrow,

Regardless of mother and me.

Jim comes with his bride in the morning;

Her eyes like his mother's are blue,

Though age now has softened their luster

The love-light is dimmed, but still true.

Tomorrow he comes, and the pictures

Will have to come down from the wall;

To the bride of our son they're old-fashioned;

To her they mean nothing at all.

Farewell to you old-fashioned pictures.

No longer the sun will break through

To light up your features each morning;

The death knell has sounded for you.

For years we have carefully guarded,

For years we have treasured you all;

But Jim brings his bride here tomorrow,

And you must come down from the wall.

TRACY FIRM IS
ENGAGED FOR
NEW OXFORD'S
SEWER SYSTEM

New Oxford Borough Council, in its meeting Monday evening, held in the borough office, North Bolton St., took favorable action on the recommendation of the Municipal Authority and engaged the services of Tracy Engineers Inc., Harrisburg, as the operating engineers of the water-sewer system. Bids were also opened for the paving of Hollywood Ave. and the ordaining of Kohler Mill Rd. was approved. The session was a lengthy one of nearly three hours.

In engaging Tracy Engineers, designers of the sewer and water system, the borough signed an agreement with the engineering firm, which will be consultants for the borough and will supervise the operation of the sewer-water system. The agreement lists the cost of the service at \$1,000 per year, payable in quarterly installments of \$250. The action was made necessary under terms of the trust indenture between the Municipal Authority and the Gettysburg National Bank and under terms of the lease agreement between the authority and the borough.

The bid of C. Joseph Deller, Dallastown, for the paving of Hollywood Ave., was the lowest presented, \$6,700. Specifications call for a 4-inch base topped with a two- and one-half inch CP2 built-up surface. The thoroughfare is 164 feet long and 34 feet wide. Curbing recently has been placed on it. Other bidders included: Oxford Construction, \$8,595 for 4-inch base, \$9,940 for 6-inch base; Hanover Construction, \$8,485 4-inch, \$9,954 6-inch; Gettysburg Asphalt, \$8,408 4-inch, \$9,366 6-inch. Deller's bid for 6-inch base was \$7,625.

EXPERTS HIRED

In another action concerning the sewer-water system operation, the services of Robert M. Johnson, Associates, Harrisburg, were accepted on an annual basis for analysis work at the water and sewer plants at a cost of \$16 monthly.

Ordaining of Kohler Mill Rd. states that the street is to be 34 feet wide with an 8-foot strip on each side to contain curbing, grass plot and sidewalk, so the thoroughfare will be 50 feet wide from property line to property line. The ordinance will be formally adopted at the October meeting.

The Sanitation Committee reported that eight sewer connection permits remain to be issued. Of these, five have not replied to letters of warning sent them by the borough solicitor. One recourse the borough has, it was said, is to advise these property owners that, if proper application for a sewer connection permit is not made within 10 days, the borough will proceed with the book-up and place a lien on the property. On a unanimous roll call vote, council directed the solicitor to take the foregoing step.

PERMITS UNUSED

It was learned that about eleven permits that have been issued have not yet been used for one reason or another, because some homes are in the stage of remodeling or are at present empty.

In the report of the finance chairman, C. P. Keefe, it was noted that the prospect for a good balance in the borough finances at the year end look rather bleak at the moment. It was also men-

tioned that borough officials will not know how the borough sewer and water receipts and expenses will run until the end of the year.

The borough water-sewer account audit made by Fishel, Baskin and Dunn, Gettysburg, showed that the present system for collection and segregation of funds appears adequate.

PROPERTY REPORTS

The Property Committee reported that, due to lack of the necessary funds, the borough would have to forego any plans for the old fire hall on West High St. as requested by the local Brownie troop. The secretary was directed to notify the Brownie group by letter.

Lee Haines, engineer, informed council that the federal grant for storm sewer plans made to the borough must be formally accepted. This grant, amounting to \$5,700, would make it possible for plans to be drawn up but the loan will not have to be paid back until actual construction starts, it was said. Haines also told council that it is desirable and necessary that old sanitary sewer lines not now being used must be closed. It is quite likely also that old man holes in the former system will be filled. This work is to be done by borough employees with some masonry assistance. Old lines now in the system will also be flushed before cold weather, Haines indicated.

A letter will be directed to the Lower Adams Joint School Board asking that a sidewalk be placed on Berlin Ave. from the elementary school to Berlin Rd. for the safety of school children. These school children must now use the street in going to and from school.

Chief of Police Bentzel reported that there is considerable loitering in the Center Square area and asked council what might be done in the way of an ordinance with some stiff penalty. The matter was referred to Solicitor Charles Wolf for a workable ordinance.

The lone visitor at the meeting, Clyde Spangler, presented a request for immediate elimination of a septic tank nuisance next to his residence on Hanover St.

Monthly bills were approved for payment as follows: Borough account, \$3,922.87; water-sewer account, \$1,001.15.

The session was in charge of Ruelle Wolfe, president, with the following councilmen in attendance: C. P. Keefe, Paul Wagner, H. G. Griffin, Lloyd Stock Jr., H. A. Jones. Also present were borough manager, L. C. Bevenour; secretary, Vesta Lings; solicitor, Charles Wolf; Chief of Police Bentzel; mayor, Guy Staub, and Leo Haines, engineer.

Johnny Cash Has
To Cancel Show

YORK, Pa. (AP)—Laryngitis forced singer Johnny Cash to cancel his appearance Tuesday at the gala opening of the 109th annual York Interstate Fair.

A fair spokesman said Cash was ordered by his physician to remain in his hotel room and not appear at all at the fairgrounds. Later he was taken to a hospital in Baltimore, Md.

The singer was billed as the main grandstand attraction for the opening day of the fair. Both his afternoon and evening performances were called off.

McSHERRYSTOWN — The regular monthly meeting of the McSherrystown Town Council was held Tuesday night in the fire hall with President George B. Niedererr in charge. The street committee reported that South St. from Oxford Rd. to Sixth St. will be tarred and chipped this fall. This street runs parallel to the Delone athletic field and the resurfacing will be from curb to curb.

Fire Chief James Noel reported that a new system for the fire siren has been installed and will be tested Saturday at 12:15 p.m.

Reports from the truck committee revealed that progress has been made to purchase a new truck to be used by the borough. After specifications are drawn up bids will be sent to dealers in the area for a truck to fill the needs of the borough.

It was reported by the sewer superintendent that a new valve and connection had been installed at the disposal plant to enable the Imhoff tank to be pumped in preparation for the winter service. The storm sewer project at the west end of McSherrystown of South St. has been installed and it was stated that this will take care of the overload of water caused during heavy rain storms and melting of heavy snows.

It was announced by President Niedererr that, at a special meeting held recently, a borough building code had been adopted and this code is as approved by the National Board of Fire Underwriters.

Present at the meeting in addition to the president were E. Burnell Wagner, secretary; Robert Snyder, treasurer; Ronald Hagerman, solicitor; Joseph Staub, burgess; F. Joseph Sneeringer, sewer secretary; George Weaver, sewer superintendent; John Gittens, borough engineer; Manard Masemer, chief of police, and the following councilmen: Donald Krepps, Cyril Noel, George Sipling, Raymond Staub and Donald Hausenfluck.

The regular monthly meeting of the Moose Lodge 720 will be held Wednesday night at 8 o'clock in the Moose home. Business will be transacted and all members are urged to be present. Officers of the McSherrystown Council 2551 Knights of Columbus were installed Sunday at a joint installation ceremony of all officers in the 35th Pennsylvania District at the Alcazar Ball Room in York. The ceremony was conducted by District Deputy Grand Knight John Lonsdorf of the York Council.

Uphold Extortion
Conviction Tuesday

PHILADELPHIA (AP)—The extortion conviction of Cambria County Commissioner Frank Burns has been upheld by the Pennsylvania Superior Court but his counsel says he plans to ask the court for an opportunity to reargue the case.

Atty. Arnold Smorto of Barnesboro said he will appeal to the State Supreme Court if the Superior Court turns him down.

While upholding the extortion conviction Tuesday, the Superior Court at the same time reversed the convictions of Burns and Frank Domenick, of Ebensburg, on charges of false pretense and conspiracy to cheat and defraud. On the extortion conviction, the Superior Court ordered Burns to appear when ordered by Cambria County Court to begin serving his term.

The charges stemmed from the sale of bread to the Cambria County Home near Ebensburg when Burns was superintendent before becoming a county commissioner. The Home Baking Co. of Ebensburg, Domenick's firm, supplied the bread for five cents a loaf.

2551 were installed: Chaplain, Rt. Rev. Msgr. P. F. McGee; grand knight, Bernard I. Noel; deputy grand knight, F. Joseph Sneeringer; chancellor, Richard F. Cashen; warden, Brook F. Yantis; financial secretary, I. M. Staub; treasurer, Ray P. Hemler; recording secretary, Jean B. Noel; lecturer, Loyola Krepps; advocate, J. Following the regular business meeting, the entertainment was furnished with Walter Zimmer in charge.

QUALIFYING
RACE AT OVAL
ON SATURDAY

With Miss Racing Roundup of 1961, Judy Emerick, blue-eyed blonde (36-24-36) from Hershey, on hand for the proceedings, Lincoln Speedway will reel off its annual Langhorne Qualifier Saturday night.

Bobby Hersh (39), Moe Harden (60) and Neil Haight (88) are among the leading contenders for a guaranteed starting slot in the \$12,000 National Open October 8 at Langhorne Sweedway, near Philadelphia.

They'll battle it out with Johnny Mackinson in the 25-lap sportsman-modified feature. But should Mackinson win, the runner-up jockey gets the Langhorne assignment, for the Mackinson already has qualified from Williams Grove.

Mackinson, meanwhile, has virtually clinched Lincoln's track title. The pride of southern York County is credited with 2,000 points, a lead of 235 over Hersh. Harden, Ray Kable and Bobby Abel are bunched in a battle for third place.

Paul Keller (47) and Johnny Laughman (111) remain one-two in strictly stock, followed by Willie Musselman (77) and Edgar Boerner (B-29).

Reds Increase Lead As Phils Hammer Dodgers 19 To 10; Braves Lose

By MIKE RATHET

Associated Press Sports Writer Darrell Johnson, acquired by Cincinnati in mid-August, drove in three runs with a pair of doubles Tuesday night as the Reds beat the Chicago Cubs 7-2 and boosted their National League lead over second place Los Angeles to 4½ games.

Johnson, 34, with a .233 major league batting average, has been hitting at a .275 clip since he was purchased from Philadelphia but his exploits had to share top billing with Don Demeter's.

Demeter made the woeful Phils anything but as he crashed three homers and a single, driving in seven runs in a 19-10 rout of the pennant-chasing Dodgers. Joe Gibbon's three-hitter for Pittsburgh blanked San Francisco 3-0 and a five-hitter by St. Louis' Bob Gibson checked Milwaukee 4-1.

HIT NINE HOMERS

Johnson and Wally Post formed a formidable 1-2 punch for the Reds against starter Dick Ellisworth (8-11) and his successors.

Post hit his 19th homer in the fourth and drove in the clincher for Jim O'Toole (15-8) with a sixth inning single that scored Elio Chacon.

In a game that had nine homers—five by the Phils—29 hits and the most runs scored against the Dodgers since they moved to Los Angeles in 1958, Demeter's performance was easily the standout. The former Dodger hit a two-run homer in the first, drove in a run with a single in a nine-run second, homered with two on in the seventh and hit a solo shot in the ninth.

That nine-run second inning won it for the Phils, who chased starter Sandy Koufax (15-11).

STUART HITS TWO

Dick Stuart homered twice, driving in all Pittsburgh's runs off Mike McCormick (12-15) as Gibbon (11-10) snapped the Giants' four-game winning streak.

Run-producing singles by Charlie James and Don Tausig and an error on a throw home won it for Gibbon (11-11) as the Cardinals chased Milwaukee starter Bob Hendley with three runs in the seventh.

DON DEMETER HITS 3 HR'S

By CHARLES MAHER

Associated Press Sports Writer LOS ANGELES (AP)—The Los Angeles Dodgers apparently figured Don Demeter wouldn't do them much good this year—and he has proven them eminently correct.

Demeter, traded by the Dodgers to Philadelphia last May 4, hit three homers and a single, drove in seven runs and scored five times Tuesday night as the Phils flattened the Dodgers 19-10.

The Dodgers not only lost a little dignity but a little more ground to Cincinnati as well. They now trail the first-place Reds by 4½ games.

SET COLISEUM MARK

The Reds have only 12 games to play and if they can win just seven the Dodgers will have to win 14 of their remaining 17 to gain a tie.

The Phils Tuesday night scored the most runs ever accumulated by one club in a single game at the Coliseum. Their 19 runs, in fact, were the most scored against the Dodgers since the Giants beat them 20-6 at the Polo Grounds in New York July 5, 1953.

Demeter, who went to Philadelphia with infielder Charlie Smith in exchange for pitcher Dick Farrell, has hit five homers and driven in 14 runs in his last four games.

The lean outfielder hit his first homer Tuesday night off Sandy Koufax with a man on in the first. He got his second off Ed Roebuck with two on in the seventh, and his third off Phil Ortega with the bases empty in the ninth. The last was his 21st this season. His single also brought in a run. Smith hit a homer and drove in two runs. And Ruben Amaro got his first home run of the season for the Phils. Wally Moon, Gordon Windhorn, Frank Howard and Charlie Neal all homered for Los Angeles.

MARIS, UMPIRE DISAGREE OVER BALLS, STRIKES

By JOE REICHLER

Associated Press Sports Writer CHICAGO (AP)—Roger Maris really put on the blast Tuesday night.

But it didn't add to his season's home run total which remained at 56 when the best he could do was collect a single in four times at bat in New York's 4-3 victory over Chicago.

The blast was directed at plate umpire Hank Soar. Maris accused the arbiter of making at least three bad calls against him.

Soar, who has been an American League umpire for 15 years, blasted right back.

"Those pitchers didn't throw me too many strikes tonight," complained Maris, "yet they were being called strikes. I had to swing in self defense."

Soar shot back: "He's so tight he can't breathe. You can't call a strike on him without getting an argument."

Maris cited three instances when he believed Soar erred in his judgment of balls and strikes. The first time was in the second inning when, with runners on second and third, Roger bluffed a bunt but did not swing. Soar called it a strike.

"The pitch was high—up here," Maris said, raising his arm above his shoulder.

The second bad call, according to the Maris, was when Soar called him out on strikes a few moments later.

"I didn't swing," he asserted. "My body moved but my bat didn't."

"MIND-READER?" "What am I supposed to be—a mind reader?" asked Soar. "When he swings, he swings."

In the sixth inning, Maris disagreed with a strike call, an inside pitch. Roger raised a high foul caught outside first base on the pitcher's next delivery.

"They are pitching him inside," said Soar, "and he's letting them go by."

Said Maris: "I realize an umpire can have a bad day just as a player can have one. But I don't like it when it happens every time I come to bat. I'm not looking for any favors. All I want is a fair shake."

Stuart Wants To Play Regularly

By HARRY JUPITER

Associated Press Sports Writer SAN FRANCISCO (AP)—Dick Stuart says his big ambition is to get to play regularly for the Pittsburgh Pirates.

San Francisco southpaw Mike McCormick hopes he never sees Stuart again.

Stuart, who tore the Western League apart with 66 home runs five years ago, seems ready to achieve his dream.

He drove in all the runs in Pittsburgh's 3-0 victory over the Giants Tuesday night with a pair of long home runs. Those clouts, his 28th and 29th of the year, gave him 101 runs batted in. Both marks are the best he's ever had in the National League.

Southpaw Joe Gibbon (11-10) baffled the Giants with a three-hitter, halting a four-game San Francisco winning streak. Only one Giant got past first base all night and, in addition to the three singles, the Pirate outfield had only two chances.

McCormick (12-15) allowed only six hits but Stuart destroyed him. The big first baseman, who lined out twice, said, "I was hitting the ball good but I had to hit it out of the park to get a base hit."

Defensive back Abe Woodson, selected as spokesman for the players, said, "This is different from situations where there are segregated audiences and things like that."

WARSAW, Inc. (AP)—Red flags aren't the only thing which anger bulls. A 1,000-pound bull escaped from his pasture and battered a parked red airplane at the Warsaw Community Airport to the tune of \$500 damage.

Biglerville High School's football squad, fresh from its impressive victory over Boiling Springs, is busily engaged preparing for the invasion of the Gettysburg High Warriors Friday evening at 8 o'clock. The game promises to set a new attendance record at Musselman Field which has been remodeled and now has a seating capacity of more than 3,000.

Front row, left to right, Wilson Harmon, Perry Mickey, Carl Hess, Raymond Kuhn, John Ernst, Gary Fair.

Second row, Dennis Ebbert, Joe Hartman, George Montgomery, Kenneth Thomas, Robert Barbour, Leroy Wetzel, Arthur Gordon, athletic director.

Third row, James Mickey, Jerry Lady, Wayne Ogburn, Gary Wright, William Slaybaugh, Philip Pitzer, Terry Herman, Donald Linard, Michael Thomas.

Fourth row, Rodney Guise, Robert Thompson, Donald Heckman, Robert Bream, William Gardner, Jeffrey Horick, Michael Thompson, Fred Hartman.

Top row, Lexie Eckenrode, manager; Donald Corbin, coach; Bernie Thrush, coach; Donald Sterner, coach; Jack Emanuel, head coach; John Toggas, coach; Herbert Lewis, trainer; Larry Wright, manager.

Eagles To Workout In Morning Drills

PHILADELPHIA (AP)—Coach Nick Skorich of the Philadelphia Eagles plans to hold workouts the rest of this week in the morning because of the intense heat which has gripped Philadelphia.

The National Football League champion Eagles are preparing for their opener in Franklin Field Sunday against the Cleveland Browns, picked by many to win the Eastern Conference.

A sellout crowd—which would be the first in the history of the Eagles—is expected for the Sunday contest.

The Eagles were welcomed home Tuesday from their Hershey camp at a luncheon sponsored by the Central Lions Clubs. An estimated 600 persons attended.

Coaches and players were driven in an open-car motorcade to the banquet site in a downtown hotel. Meanwhile, the Eagles placed Monte Lee, a rookie linebacker from the University of Texas, on waivers to trim their squad to the NFL limit of 36.

The manager's job at Baltimore was vacated recently by Paul Richards, who is moving to Houston as general manager of the new National League club there.

Maryland Does Have Other Ends

COLLEGE PARK, Md. (AP)—Yes, Virginia—and all other football teams in the Atlantic Coast Conference—Maryland does have another end in addition to Gary Collins.

Collins, a senior from Williamsport, Pa., has been touted as an All-America candidate by most pre-season prognosticators. Coach Tom Nugent raves about the way he catches passes, blocks, tackles and punts.

With such an outstanding player at left end, not much was said about the right end. And after Hank Poniatowski was injured in an intra-squad scrimmage last Saturday, Nugent became concerned over the "other end" position.

But the picture has changed suddenly. After just two days of playing first string in practice, Dick (Moose) Barlund has all but convinced Nugent he has a lock on the job.

Del Mar Track Has Good Season

DEL MAR, Calif. (AP)—Del Mar racetrack concluded its most successful season in its 22 years of operation Tuesday.

Attendance total for the 42-day meeting was 48,819, an increase of 1.9 per cent over last year. A track record was set in wagering this season—\$39,535,242. It represented an increase of 8.8 per cent over last year.

Negro Gridders To Play In Opener

REDWOOD CITY, Calif. (AP)—Negro players on the San Francisco 49er squad said Tuesday they will play in their team's National Football League opener against the Washington Redskins Sunday.

The nine players had been asked by the Congress of Racial Equality (CORE) and the San Francisco chapter of the National Association for the Advancement of Colored People to refuse to play because the Redskins have never hired a Negro player.

Defensive back Abe Woodson, selected as spokesman for the players, said, "This is different from situations where there are segregated audiences and things like that."

WARSAW, Inc. (AP)—Red flags aren't the only thing which anger bulls. A 1,000-pound bull escaped from his pasture and battered a parked red airplane at the Warsaw Community Airport to the tune of \$500 damage.

RUMOR DYKES LEAVING CLUB

CHICAGO (AP)—Jimmie Dykes will not be retained as manager of the Cleveland Indians. The Associated Press learned today.

One of the current Cleveland coaches, Mel McGaha, is expected to become manager for 1962 with Dykes shifting to a National League club as a coach. Dykes has coached in recent years at both Cincinnati and Pittsburgh.

"I don't know anything about it," Dykes said in Cleveland.

Gabe Paul, the Indians' general manager, would neither confirm nor deny the information.

UNAVAILABLE FOR COMMENT McGaha, who joined the Indians' coaching staff this season after leading the Toronto Maple Leafs to the 1960 International League pennant, was unavailable to comment.

The 64-year-old Dykes, now in his 45th consecutive baseball season, went to Cleveland last year when he was traded for Joe Gordon of Detroit in an unprecedented swap of managers. He is in his 21st season as a major league manager, having previously handled the Chicago White Sox, Philadelphia Athletics, Baltimore Orioles and Cincinnati Reds in addition to the Tigers.

The AP learned from baseball writer Phil Collier of the San Diego Union that general managers Gabe Paul of Cleveland and Lee MacPhail of Baltimore asked and received permission from the Dodgers to approach Durocher.

This reported expression of interest by Cleveland supports an AP story from Chicago today. There AP sports writer Joe Reicher says he has learned Manager Jimmie Dykes will not be retained by the Indians next season.

The manager's job at Baltimore was vacated recently by Paul Richards, who is moving to Houston as general manager of the new National League club there.

PITT PICKED OVER MIAMI IN TV GAME

By HAROLD CLAASSEN PEBBLE BEACH, Calif. (AP)—Punts or putts? Touchdowns or tee shots? Halfbacks or hooks?

Picking this year's first football winners at the scene of the National Amateur Golf Tournament.

Pittsburgh over Miami: Your first TV dish of the season. The visiting easterners are proud of their line, bulwarked by Kallenbach and Vignali.

Iowa State over Drake: Once this one was the climax of the year for both clubs, now it is the opener with Big Eight Cyclones the heavy favorites because of their dedication.

SAN JOSE SPEED West Virginia over Richmond: The Mountaineers are on their way back with Holdinsky and Colvard leading the way.

San Jose over Brigham Young: If you can't run the hundred in 10 seconds flat, there's no need for you to try out for the San Jose backfield.

Virginia Tech over William & Mary: Tech is the favorite for the Southern Conference title but William & Mary has a batch of newcomers who could be tough.

GW TO LOSE Tulsa over Hardin-Simmons: White and Escandon make Tulsa the best in the abbreviated Missouri Valley Conference.

Wyoming over Montana: Football is a way of life with the Wyoming students.

Florida State over George Washington: The new regime at George Washington gets off on the wrong foot. This could be the year Florida State reaches its much desired big-time rating.

State Gridders Are Hit By Flu UNIVERSITY PARK, Pa. (AP)—The Penn State football team already riddled by injuries, faced a new problem today—the flu bug.

Eight players, including end Bob Mitinger and center Jay Huffman, came down with the virus Tuesday and were admitted to University Hospital.

It was not known immediately how long the eight would be out of action. Penn State opens play Sept. 23 at home against Navy.

Others stricken were tackles Gerry Farkas and Chuck Sieminski, halfback Bob Kline, center Carl Bendik and guards Joe Gardali and Chuck Ricivuto.

The flu attack disrupted plans by head coach Rip Engle to hold a full-scale scrimmage Tuesday. Instead, he was forced to shorten the practice session and put what was left of his team through a dummy drill.

Combine 2 Stake Races Into One CHICAGO (AP)—The world's richest horse race—a \$150,000 added, \$400,000 gross futurity—will be run in Chicago in 1962 at Arlington Park.

The race, which will be held on the first Saturday in September next year, will combine the Arlington Park and Washington Park futurities, annual tests for 2-year-olds. Announcement of the 1962 combination was made Tuesday by Mrs. Marjorie Lindheimer Everett, president of Chicago Thoroughbred Enterprises, Inc., which operates Washington Park and Arlington.

The single race, which replaces the pair of \$100,000 added events, will reward the winner with approximately \$200,000.

TERRAPINS HAVE PLAYER AGENT COLLEGE PARK, Md. (AP)—Even college football teams have player representatives.

But when tackle Roger Shoals of the University of Maryland goes to see Coach Tom Nugent, they don't discuss pension plans.

They talk over such matters as length of workouts, time of the preschool bed checks, and other player-coach problems.

"The other day," Nugent said, "they even asked if we could hold longer practice sessions."

CHURCH WILL FORGET DEBT BRITAIN OWED

PHILADELPHIA (AP) — The rector of St. Peter's Episcopal Church says he can willingly forget "in the furtherance of Anglo-American amity" — the \$756,000 compound interest on a 183-year-old debt claimed against the British government.

With a personal check from British Chancellor Selwyn Lloyd for six pounds, eight shillings and one penny in hand (\$18), the Rev. Joseph Koci Jr. said Monday that he was satisfied in receiving payment for the original debt and considered the matter closed.

He said an entry to this effect will be made in the minutes of the vestry of the historic church.

USED FOR EXPENSES

The \$18, the Rev. Mr. Koci said, will be used to help cover the cost of repairing and repainting the classrooms in St. Peter's School for Boys on the church grounds.

About a month ago, the Philadelphia minister sent the British government a bill for \$18 plus \$756,000 interest for a church fence that went into the British campfires during the American revolution.

The British government Monday officially rejected the claim but Lloyd sent his personal check. He advised the Rev. Mr. Koci to sue the state of Pennsylvania or the U.S. government for the \$18 and interest since "claims by citizens of colonial territories against the government, which have not been settled by the date of independence, lie against the successor government."

NO PREJUDICE

Lloyd said in a letter written by his secretary that he was forwarding his personal check "by way of contribution to the funds of your church and as a token of... deep regard for the American people." It was added that Lloyd hoped his contribution in no way would "prejudice your claim against the federal... or the state government."

Criticizes Kennedy Program "C's"

PHILADELPHIA (AP) — Rep. William H. Ayres, R-Ohio, has criticized the Kennedy administration for what he termed the three C's—"confusion, contradiction and conniving."

In a speech Monday night before a dinner gathering honoring Pennsylvania Republican leaders, Ayres called for the election of a Republican Congress in 1962.

He said that to replace the

Storm Lashes Taipei Tuesday

TAIPEI, Formosa (AP) — Typhoon Pamela smashed across northern Formosa Tuesday, killing at least 17 persons, leaving thousands homeless, and ravaging this capital of Nationalist China.

The great storm, with maximum winds of 135 miles an hour, was the worst in the memory of long-time residents of Formosa.

None of the Americans in this city of 320,000 was injured, but some were isolated by flash floods.

MILLIONS IN DAMAGE

Authorities estimated damage throughout the storm area in the millions of dollars.

The winds, hitting a peak of 108 miles an hour in Taipei, ripped off roofs, uprooted trees, blew down signboards and fences and leveled telephone lines. Light, power and water service was disrupted.

Most of Taipei's residents were kept awake through the night by howling winds that shook their homes.

Police reported 4,330 persons were left homeless in Taipei alone.

Some took refuge in old air raid shelters. Others found a haven in schools and other public buildings.

At least 27 persons were injured.

REPORT PLAN TO BLOW UP TOWER

PISA, Italy (AP) — Reports circulated in this central Italian city Tuesday that saboteurs might try to blow up the famed leaning tower of Pisa.

The rumors spread after a weekend of terrorist bombings in Rome and half a dozen other cities. Government officials blamed the bombings on German-speaking extremists seeking greater autonomy in South Tyrol. City authorities in Pisa said they felt normal security measures around the leaning tower are adequate. The monument, a 14th century bell tower standing next to the Cathedral of Pisa, is constantly guarded by at least two policemen.

three C's the Republicans needed three C's of their own—cash, cooperation and candidates who are qualified and can win.

Ayres described the Democratic program as one being "led by a worried young man in a hurry." He apparently referred to President Kennedy.

Henry X. O'Brien, Pittsburgh Common Pleas Court judge who is the Republican candidate for the State Supreme Court, told the gathering that the election in November has a greater political significance than ever before in the Commonwealth. His Democratic opponent will be Justice Anne X. Alpern.

MOTHER OF 5 DIES TUESDAY IN SHOOTING

BALTIMORE (AP) — A 28-year-old mother of five children was killed early Tuesday in a shooting at an apartment house.

Police said the victim, Mrs. Dorothy Clifford, apparently was shot in a bedroom, where a rifle and spent cartridge were found on the floor.

They said the woman was found lying face down on the second floor stair landing, where she is believed to have crawled after the attack. She had been shot in the stomach, police said.

NEIGHBORS AWAKENED

Neighbors told homicide detectives they were awakened by two shots, then heard a loud thumping noise as though someone had fallen to the floor.

They said they heard no one descend the stairs, leading police to believe the killer escaped through a bedroom window.

A foot patrolman summoned an ambulance, but the woman was dead on arrival at a hospital.

Police later arrested a 28-year-old man, who occupied an apartment opposite the victim's, for questioning in the case.

Police said Mrs. Clifford's es-

GOOD WEATHER BOON TO CROPS

WASHINGTON (AP) — Unusually favorable weather in August brought a sharp upturn in crop production prospects, the Agriculture Department reports, with all crops except sugar holding steady or recorded increases from a month ago.

The department reported Monday that the level of production on Sept. 1 was indicated to be 116 per cent of the 1947-49 average compared to 113 per cent on Aug. 1. It said the level, however, is below the record of 121 per cent set last year, reflecting feed grain and other programs.

The Pennsylvania crop report included: Corn grown for grain, 68 bushels per acre and production 59,024,000 bushels; oats, 47 and 27,918,000; tobacco, 1,700 pounds per acre and production 32,700,000 pounds; apples (production only) 9,800,000; peaches (production only) 2,200,000; potatoes (fall crop) 190 hundredweight per acre production, 6,688,000 hundredweight.

TO ADOPT NEW CHURCH POLICY

HAVANA (AP) — Attacks on the Roman Catholic clergy in the wake of a violent anti-Communist demonstration raised speculation today that Fidel Castro's regime may adopt a tougher line toward the church.

Thousands of the prime minister's supporters turned out Monday night for the funeral of Arnaldo Socorro, 17, killed Sunday in the rioting, and heard an attack on "Falangist and counterrevolutionary priests."

Jesus Soto, secretary general of the Cuban Workers Confederation, assailed the priests in the main funeral oration. He demanded death before a firing squad for those responsible for the youth's death.

The semi-official newspaper Revolution charged that "clerical Falangist counterrevolutionaries" fired the shots that killed Socorro from inside the Church of Charity in downtown Havana.

Disorders broke out after 4,000 men, women and children met outside the church for the annual procession of Our Lady of Charity, an order from the Interior Min-

istry, later rescinded, barring the procession stated the trouble.

Shouting "Cuba yes, Russia no," many of the Catholics tied to march on the presidential palace. They were stopped by police, supported by civilian backers of Castro.

TAXMEN HOPE FOR DECISION IN AMISH CASE

WASHINGTON (AP) — The Internal Revenue commissioner says he is hopeful a moratorium on collection of Social Security taxes from Amish farmers can be granted pending a decision by Congress or, if a suit is filed, by court decision.

The commissioner, Mortimer L. Caplin, said he would have to take the matter up with Secretary of the Treasury Douglas Dillon.

Caplin met here Tuesday with a group of some 80 Amish—including a few Mennonites—bishops and religious leaders from Pennsylvania and Ohio to discuss their tax problem. Bishop David Z. Fisher of Christiana, Pa., was spokesman for the bishops.

EXPLAIN VIEW

The bishops explained to Caplin and other department officers that their religious beliefs are opposed to the principle of insurance and they regard Social Security as a form of insurance.

The meeting here was an outgrowth of the IRS's seizure of three horses from Valentine Y. Byler, an Amish farmer from New Wilmington, Pa. The horses were sold to obtain funds to pay for long overdue back taxes. The

Court Okays Jersey Radar License Loss

PHILADELPHIA (AP) — Pennsylvania's Superior Court has ruled that a driver convicted of speeding in New Jersey through the use of radar can lose his license even though Pennsylvania did not at the time recognize radar.

The court held Tuesday it was not necessary for the notice of conviction by New Jersey "to show that the evidence upon which the operator was convicted would have been sufficient to convict him in Pennsylvania."

The decision settled the case of Francis E. Sheehy, of Philadelphia, and three others who contended they would not have been convicted under Pennsylvania law.

Pennsylvania and New Jersey have a license suspension agreement.

Radar did not become legal in Pennsylvania until Sept. 1.

small surplus from the sale of the horses was returned to Byler. Shortly after the seizure, Sen. Hugh Scott, R-Pa., and Rep. George M. Rhodes, D-Pa., introduced bills which would exempt from the Social Security program anyone who opposed it on religious grounds.

Cooley competed in a group of 64 participants from schools in Adams and Franklin Counties. His victory entitles him to a trophy and an all-expense trip to FFA Week at Pennsylvania State University. His father, Lloyd H. Cooley, is farm manager on The C. H. Musselman Company's cherry blossom orchards.

Other county winners in apple judging were: Third, Donald Sharrah, Gettysburg; fourth, Carl Hess, Biglerville; fifth, John Deatrick, Bermudian Springs; sixth, John Kunkle, Gettysburg; seventh, Ronald Hurley, Fairfield; eighth, Rodney Kint, Gettysburg; ninth, Ronald Hartzell, Gettysburg.

REDS WILL NOT TRADE BERLIN FOR MOSCOW

By GORDON G. GAUSS

DENVER, Colo. (AP)—Richard M. Nixon, 1960 Republican presidential nominee, says Soviet Premier Khrushchev must ask himself, before taking any action which would precipitate war, "Am I willing to trade Berlin for Moscow?"

In an address to the American Legion's 43rd convention Tuesday night, Nixon predicted there will be no war over Berlin or other places "if Khrushchev and the Communists have to take the initiative" in starting it.

Nixon said Khrushchev is motivated entirely by self-interest. He said the Soviet premier "knows the destructive power of the very weapons he rattles in our faces" and knows he would face retaliatory blows.

WANTS FIRM STAND

Nixon called for the United States to take a firm position when dealing with the Communists over territory.

Shortly after his arrival, Nixon told newsmen he will announce in the Los Angeles area within "10 days or two weeks" whether he will seek the Republican nomination for governor of California. He also said former Gov. Goodwin Knight did not consult him before announcing as a candidate for the nomination.

WASHINGTON (AP)—The Soviet Union has touched off another nuclear blast in the atmosphere—the seventh since it resumed testing 13 days ago.

The Atomic Energy Commission said the blast had the force of several million tons of TNT. The test early Tuesday was in the air above the arctic island of Novaya Zemlya—the third test in that area since Sunday. The explosion matched the largest in the current series.

77 Killed When French Jet Airliner Crashes, Burns

RABAT, Morocco (AP) — A French jet airliner crashed into a ravine near Rabat Tuesday night and burst into flame, killing all 77 persons aboard.

Three U.S. citizens, an Arabian prince, the Australian ambassador to Cairo, a Moroccan diplomat and two Soviet citizens were among the victims, said a spokesman for Air France, operator of the plane.

The twin-jet Caravelle airliner was coming in from Paris for a landing in a heavy fog and was in radio contact with the Rabat control tower.

Suddenly the radio cut out. A few minutes later the plane crashed.

Flames towered from the ravine as firemen raced for the crash scene, about a half mile from the airport.

The victims were 71 passengers and 6 crew members. Among the passengers listed by Air France were three Americans: Neville Fowler, a Navy officer from Pittsburgh; John Brown, a Navy officer from Bay-side, Va.; and W. Paige, an engineer whose home address was unavailable.

AMBASSADOR DIES

Other victims were: John Quinn,

Australia's ambassador to the United Arab Republic; Mohammed Boufina, a member of Morocco's Foreign Ministry; and two Soviet citizens, Nicolai Moskim and Vladimir Skouratov. The Arabian prince was identified as Prince Sakhr from the oil-rich sheikdom of Kuwait.

Most of the victims were believed to be French and Moroccans.

PROPOSAL TURNED DOWN

HARRISBURG (AP) — A proposal by Railway Express to close its Stewartstown agency in York County and move to New Freedom was turned down Tuesday by the Public Utility Commission.

The savings from such a move would be slight when compared to the inconvenience caused to those who desire to use the service, the PUC ruled.

OAS TEAM IS ATTACKED BY DOMINICANS

By ROBERT BERRELLEZ

CIUDAD TRUJILLO, Dominican Republic (AP) — Tanks and troops restored order today after rioting by opposition political groups left four dead and more than a score injured.

The violence was sparked by the arrival of a four-man team from the Organization of American States Tuesday. They are investigating the possibility of lifting some of the diplomatic and economic sanctions on the Dominican regime that took over after the assassination of Generalissimo Rafael L. Trujillo last May.

The opposition fears this would entrench Trujillo's heirs in power. There were conflicting versions of what happened near Duarte Bridge over the Ozama River around noon Tuesday, when a crowd of about 5,000, mostly from a nearby working class neighborhood, gathered to greet the OAS delegates.

FIRE PISTOLS, RIFLES

Opposition eyewitnesses claimed that a car filled with armed forces and plain clothes police jumped out of their unmarked car and fired pistols and automatic rifles into the crowd.

But Col. Marcos Jorge, chief of the national police, said an air force sergeant, Victoriano Cruz Hernandez, was angered when the crowd stoned his car, emptied his revolver into the demonstrators and then fired his automatic rifle.

BLAME POLICE

Some of the opposition leaders claim the police have provoked numerous riots—killing more than a dozen demonstrators in past weeks—and are trying to weaken the opposition by branding it as pro-Communist.

While President Joaquin Balaguer is the nominal head of the nation, the real power is generally considered to rest in the hands of Gen. Rafael L. Trujillo Jr., chief of the armed forces and son of the slain dictator.

Famed Physicist Scoffs At Notion Nuclear War Would Destroy Humanity

EDITOR'S NOTE — By taking the necessary measures now, a world-famous nuclear scientist says, the nation can either avoid atomic war or win it if it comes. Dr. Edward Teller believes 90 per cent of the U.S. population could survive the holocaust. This is the first of three articles on the subject.

By ALTON BLAKESLEE
Associated Press Science Writer
NEW YORK (AP)—The date is some dreadful tomorrow.

The holocaust of nuclear war suddenly sweeps the United States.

But 90 per cent of Americans could actually survive, declares Dr. Edward Teller of H-bomb fame.

COULD REBUILD

And in three to four years, they could rebuild desolated industries, cities, schools, homes. Democratic institutions would function again.

Lingering radiation would be a problem, but not insuperable, he says. The human race would not perish. Nor would future generations be destined to be born misshapen monsters.

Dr. Teller is convinced this country and other nations could survive despite the "doomsday" fear which grips and paralyzes millions of people in the face of nuclear war.

IS TEMPTATION

Indeed, he regards this attitude and lack of defense as a temptation for a well-prepared nation to launch thermonuclear war.

It is an invitation to panic and wholesale, needless loss of life if bombs ever fall, says the famous physicist of the Lawrence Radiation Laboratory of the University of California.

Three steps could create the defense for insurance against war, or for national survival if it comes. Dr. Teller said in an interview challenging many general conceptions:

NECESSARY STEPS

1. Building shelters against fall-out and against the blast and fire from nuclear bombs.

2. Stockpiling surplus food, machinery, machine tools, generators, building materials—the essentials to generate power, start factories, build more machines, transport people and goods, and assure communications.

3. Planning organized efforts to carry people through the terrible early days, and the hard, demanding, cooperative labor to rebuild modern civilization.

It would cost billions of dollars, perhaps an average of \$4 billion for some years, Dr. Teller says. "A first step could be simply to distribute our surplus foods to strategic places throughout the country. This could be done in half a year.

"I believe the Russians will be more likely to attack if we are not prepared."

TIME IS SHORT

Dr. Teller warns the time is short.

Soviet resumption of nuclear testing is frightening, he says. For it could mean the Soviets have been testing new weapons secretly underground in the past two or three years, and have decided to make open tests simply to answer some final questions.

The Soviets knew open testing would force or irritate the United States into more testing, and arouse adverse opinion.

TESTING EDGE

But an edge won through secret testing could mean "they are so far ahead in weaponry they don't care what we do."

Dr. Teller says "if we don't prepare, 100 million Americans could die in the first days of an all-out war. Thirty to forty millions more could die from starvation and disease. The United States would cease to exist."

"But I firmly believe 90 per cent of our population could be saved. It means 20 million would die, and this is terrible to contemplate. But why not try to give 90 per cent a decent chance for survival?"

NOT END OF WORLD

Nuclear war "would be one of the most horrible things imaginable, and everything should be done to prevent it."

But, he adds, he is dismayed by "those who say that a nuclear war necessarily means the end of everything."

"The fear of radiation is much greater than it deserves to be. It is not true that radiation, even from an all-out war, would destroy all forms of life.

"And it is simply not true that if war came, everything is hopeless."

"We can prepare."

MRS. KENNETH SANDERS
FAIRFIELD — Airman Henry C. Sanders has been transferred from Lackland AFB for technical training to Amarillo, Tex. He receives his mail: AF 13726075, 3340th School Squadron, Box 448, Amarillo, AFB, Texas.

Edgar Newman and Harold Day visited recently with Paul Lower, Hummelstown, a former Fairfield resident, who is recuperating at his home.

Mr. and Mrs. Robert Russell and son, Robert, of Maywood, N. J., were weekend guests of Mr. and Mrs. Oliver Sanders. Robert is enrolled as a first year student at Gettysburg College.

Miss Julie Ross has returned to Millersville College after spending the weekend with her parents, Mr. and Mrs. Arthur Ross.

Mr. and Mrs. John Snyder and daughter, who occupied the Alexander property on McGinley Drive, have moved to Baltimore.

Mr. and Mrs. Harold Miller and sons have returned from Cumberland, Md., where they spent the summer while Mr. Miller was employed there.

The borough council met Monday evening and transacted routine business.

GM Picket Hearing Will Be Continued

PITTSBURGH (AP)—A hearing has been continued indefinitely on a petition by General Motors Corp. asking a limit on picketing at its Fisher Body Division plant in nearby West Mifflin.

Judge Clarence B. Nixon of Allegheny County Common Pleas Court made the ruling Monday after union and company attorneys said an agreement had been worked out on the matter Saturday.

CAMP CARSON REPORT GIVEN TO ROTARIANS

Donald Arbogast Jr. and John Streig, Littlestown High School Seniors, who were sponsored by the local Rotary Club for a week at Rotary leaders camp this summer, were guests at the weekly dinner meeting of the Rotarians Tuesday evening at Schottie's Hotel. The boys told of their experiences at Camp Carson, where they met men of various businesses and professions. Charles E. Rabenstein, chairman of the music committee, who presided, introduced Arbogast and Streig and George Haines, district representative from the camp, who also spoke briefly.

Visiting Rotarians introduced were Granville Bixler and Severn McLaughlin, Westminster; Robert Menchey and Irvin Hostetter, Hanover.

Next Tuesday, the Rotarians and their guests will attend a baseball game in Baltimore, when the Orioles meet the Yankees for a double-header. The group will have dinner at 5:15 p.m. at Schottie's and the group will leave town at 5:45 p.m. Arrangements are in charge of the fellowship and attendance committee, composed of Dr. Richard N. Greenholt, chairman, Carroll E. Arter, Lester F. Berkheimer, Nevaeh A. Crouse, Preston L. Myes, Charles E. Slusser and Stanley B. Stover.

The Men's Brotherhood of St. John's Lutheran Church met on Monday evening at the church. Prior to the business, there was horseshoe pitching outdoors. Refreshments were served to the group of 21 members by Ralph Wantz, Edgar A. Wolfe and Richard E. Wolfe.

Preliminary plans were made for the annual father and son banquet in November. The meal will be served in the social hall by the women of the church and the program committee comprises Wilbur E. Mackley, Kenneth W. Miller and John Morehead; ticket committee, Alex Anderson, Henry Barnes and Ernest Baumgardner. The next regular meeting of the brotherhood will be held Monday, October 9, at the church, with the program in charge of Nathan Hollinger, Fred W. King and Paul E. King. Refreshments will be served by Edgar E. Yealy, John Bloom and the Rev. William C. Karns.

ENTERS COLLEGE

Miss Judith Flinchbaugh, daughter of the Rev. and Mrs. Glenn Flinchbaugh, Maple Ave., left on Tuesday for Catawba College, Salisbury, N. C., where she will enroll as a freshman. Miss Flinchbaugh is a 1961 graduate of Littlestown High School. She was accompanied to Salisbury by her parents, who will remain several days before returning home.

Edward Knipple, Lumber St., and his roommate at Catawba College, Paul Kolterjohn, of Rockport, Mass., returned together to the college on Tuesday and will begin their sophomore year of studies. Knipple is the son of Mr. and Mrs. G. Richard Knipple, and Kolterjohn was their house guest for several days before leaving for Salisbury. The students were accompanied to college by Mrs. Knipple and Mrs. Wilson J. Stair, W. King St. Extd.

Mrs. Mildred Weaver, Mrs. Rebecca Weaver and Mrs. Ruth Dooly will serve as hostesses at the September meeting of the Ladies' Auxiliary of Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars on Thursday at 8 p.m. at the post home, W. King St.

Prayer meeting will be held in Bethel Assembly of God Church, along the Littlestown Fish and Game Rd., at 7:45 p.m. on Thursday.

EVERY LITTER BIT HURTS...

Careless tossing of trash from cars soon adds up to a mountain of rubbish! One by one the litter bits grow—and every litter bit hurts! Hurts the beauty of all America—its city streets, parks and highways. Every year millions of work hours and dollars go down the drain for clean-up.

Who's to blame? Millions of good citizens with the bad habit of unconscious littering. So think before you throw! Then you'll place every litter bit in the car litterbag... the street trash container.

When the decision was announced, Bartrum dashed across the court and slugged Stubber. Judge Brierly ordered Bartrum to serve 10 days in jail for contempt of court.

Two deputies went to investigate in nearby Forest Acres and found the culprits—ages 3 and 1½. One, playing beside the road, wore training pants. The other wore nothing.

The runaways were returned to their anxious parents and this foot-note added to the sheriff's department offense report: "From now on, all deputies will carry clean diapers."

FLAGSTAFF, Ariz. (AP)—Albert Bartrum of Flagstaff went into court as the complaining witness in a grand theft case—and left with a 10-day jail sentence.

Bartrum had signed a complaint accusing Burl Stubber, also of Flagstaff, of stealing a hunting dog. Justice of the Peace Jim Brierly dismissed the case.

EXPERTS FEAR FLU OUTBREAK THIS SEASON

By THE ASSOCIATED PRESS

The danger of flu outbreaks this fall, a poisonous bean on a garden plant, and a look at seasickness are subjects for Focus on Health: GET FLU SHOTS

Health authorities warn that there is likely to be an upswing in influenza outbreaks this fall and winter—and they urge vaccination now.

Because various flu outbreaks come in definite cycles, the U.S. Public Health Service predicts the nation is due for some Asian flu and overdue for Type B flu this year. Both types have been prevalent elsewhere in the world this past season.

Persons over 65, pregnant women and persons suffering from heart disease, diabetes or other chronic illnesses are urged to get flu shots now.

The National Tuberculosis Association warns that persons with respiratory ailments like TB, and emphysema are in especial danger.

BEWARE THE CASTOR BEAN

If you have small children roaming your yard, beware of the castor oil plant and its fruit, the castor bean.

Many gardeners grow these plants because of their decorative appearance and large leaves. They often substitute as a quick-growing shrub about new homes.

But if any unwary child should chew the castor bean, fatal poisoning can result, says a University of Michigan pediatrician, Dr. George H. Lowrey.

Symptoms appear in one to two days. They include vomiting, drowsiness, stupor and stomach ache, with death occurring within 12 days.

SAILING, SAILING

Who's most likely to get seasick?

A study of U.S. soldiers riding troopships back and forth across the Atlantic indicated these findings:

More seasickness for those under 25 years of age, than those above.

Those in the forward and after sections of the ship were more often seasick than those amidships.

Heavier persons were more susceptible than lighter individuals. Those making their first ocean crossing were more susceptible than more experienced hands.

The most effective seasickness pills contained the drug meclizine.

Deputies Recover "Naked" Runaways

COLUMBIA, S. C. (AP)—"They're running loose and one of them's naked," cried the woman on the telephone to a Richland County deputy sheriff.

LILLIAN REIS GOES ON TRIAL FOR BURGLARY

POTTSVILLE, Pa. (AP)—A tall, shapely one-time chorus girl was scheduled to go on trial today on charges of masterminding a fantastic burglary which police claim netted nearly a half million dollars and led to the gangland slaying of two brothers.

The chorus girl, 32-year-old Mrs. Lillian Reis, a striking brunette divorcee who later became a Philadelphia night club owner, and Clyde (Bing) Miller, 53, a former Pottsville contractor, are the last two defendants in the case. Three others have been convicted. A sixth was killed before he could stand trial.

Miller also was called for trial today but Dist. Atty. Robert M. Harris declined to say before court convened whether there would be separate or joint trials for Miller and Mrs. Reis.

3 OTHERS CONVICTED

The Commonwealth has a statement from Miller—accused of supplying information leading to the Aug. 7, 1959, burglary—read to Mrs. Reis following her arrest. Because it was read to her, the statement can be introduced by the Commonwealth, or, if the trials are separate, Miller could agree to testify at Mrs. Reis' trial.

John Berery, 27; Robert Poulson, 25, and Ralph Staino, 30, were convicted in the case last spring. Sentencing was delayed pending appeals for new trials. Police said Berery and Poulson were hired by Mrs. Reis to crack the safe while Staino, her night club floor manager, went along to look out for her interests.

It was testified during their trials that nearly a half million dollars was taken from the home of John B. Rich, a wealthy Pottsville coal operator, while he was vacationing in Europe. But Rich maintains that only \$3,500 in cash and \$17,000 in jewelry was taken. The actual indictments list the amount claimed by Rich.

The sixth defendant, Vincent Blaney, was shot to death and dumped in the Atlantic Ocean off Margate, N.J., in August of 1960. Police said he had been ready to turn over state's evidence.

Blaney's brother, Richard, 27, who was not accused in the burglary but who was a chief Commonwealth witness at the trials, was killed by a car bomb last July. Richard Blaney had given testimony which he said was based on accounts of the burglary related to him by Vincent.

Poulson also had been stabbed and shot but recovered. He said he could not identify his assailant.

Denied Permit To Construct Shelter

DAYTON, Ohio (AP)—A Dayton man planned to build a nuclear blast shelter.

The original design was produced for testing at the Nevada proving grounds. Nuclear engineers claimed it would withstand five times the pressure of an atomic blast and keep out gamma rays and fallout.

Its estimated cost was above \$2,500.

The resident hired a contractor. An engineer approved the plans. A 17-foot pit was dug in his backyard.

Then he applied to Montgomery County officials for a building permit.

His application was denied. County engineers questioned whether the shelter would hold up the six feet of earth the man planned to pile on top of it.

SAYS PAAR TV FILM IS NOT WORTH RISKS

By CYNTHIA LOWRY

NEW YORK (AP)—After all the expressions of alarm, headlines and admonishments growing out of the taping of a Jack Paar show on the threshold of East Berlin, the least a viewer could expect Tuesday night was an enlightening, informative show.

Alas, the well-publicized program proved as dreary and dull as the Berlin weather.

MISS AMERICA OF 1958 WILL SEEK DIVORCE

DENVER, Colo. (AP) — Gary Nady, the former Colorado football star who married Miss America of 1958, Marilyn Vanderbur, said Monday night, "Marilyn is suing me for divorce."

In New York City, where she is making television appearances, Miss Vanderbur refused to comment.

The desk at the Savoy Hilton Hotel first told reporters she had asked not to be disturbed until 10 a.m. At that time the hotel said she had checked out without leaving a forwarding address.

Nady, 27, football coach at Parsons College in Iowa, said he had received a telephone call from his wife's Denver attorney Monday night.

In a telephone interview with the Rocky Mountain News, Nady

said later it was "the biggest shock of my life."

MARRIED JUNE 1

The couple was married June 1 in a well-publicized ceremony at St. John the Evangelist Catholic church in Denver.

Marilyn, 23, has made numerous television appearances for the American Telephone & Telegraph Co. She was TV hostess for the Miss America pageant at Atlantic City, N.J., last weekend.

She and Nady met at the University of Colorado as students and became engaged at Christmas 1959. Three months later, Miss Vanderbur broke the engagement, saying, "Gary and I just weren't able to work things out."

But last March their wedding plans were announced.

"I thought it was an ideal marriage," Nady said Monday night. "I always felt she was happy here in Fairfield (Iowa). The only thing I can think of is that since she's been gone, some new horizons in her career have presented themselves."

Hagarmen—Davis

Miss Neva Marie Adams, daughter of Mr. and Mrs. William T. Adams, Hanover R. 4, became the bride of Gerald Thomas Hagarmen, son of Mr. and Mrs. J. Richard Hagarmen, Hanover R. 5, Saturday at 8:30 a.m. at a Nuptial Mass in Sacred Heart Church, Cornewaga Chapel. The Rev. Joseph P. Bolin was the celebrant for the Mass and performed the double-ring ceremony. The altar was decorated with white and shrimp colored gladioli. Miss Elna Smith, soloist, was accompanied by Miss Sally Ann Sneeringer. The maid of honor was Miss Donna Neiderer, McSherrystown, cousin of the bride. The bridesmaid was Elaine Bolin, Hanover R. 4, and the junior bridesmaid was Darla Adams, sister of the bride. The flower girls were Susan Hagarmen, Hanover R. 5, and Michelle Hagarmen, McSherrystown. Richard Billman, McSherrystown, was best man. Ushers were Thomas Adams, brother of the bride, and H. Richard Hagarmen, brother of the bridegroom. A reception, attended by 250 guests, was held at the McSherrystown Knights of Columbus home, after which the couple left for a wedding trip to Canada. Mr. and Mrs. Hagarmen will reside on Haover R. 4. Mrs. Hagarmen is a 1960 graduate of Delone Catholic High School and is employed by B. C. Schuchart, Inc. Her husband is a 1958 graduate of the same school. He is employed by the United Insurance Company, Hanover.

Ness—Musselman

Miss Nancy A. Musselman, daughter of Mr. and Mrs. Richard G. Musselman, R. 3, and Reuben J. Ness, son of Mr. and Mrs. Reuben Ness, Hanover R. 3, were married Sunday at 2 p.m. in the Mummaburg Mennonite Church. Bishop Richard Danner, uncle of the bridegroom, officiated at the ceremony. The congregation was led in singing by James Danner. The matron of honor was Mrs. William J. Korver Jr., New Oxford R. 2, sister of the bride. Daniel Lehigh, Hanover R. 3, was best man. The ushers were Eugene Musselman, Boston, brother of the bride, and Daniel Ness, New York City, brother of the bridegroom.

Following a reception at the Cashtown fire hall the couple left for a honeymoon in the Poconos.

The bride is a 1959 graduate of Biglerville High School and was employed by the law firm of Brown, Swope and MacPhail, Gettysburg. The bridegroom is a 1959 graduate of Eichelberger High School, Hanover, and was employed by Martin Grove, grain dealer, Hanover. They will reside at 715 N. 11th St., Allentown. Both will be employed by the Allentown General Hospital.

RUSSELL GETS JAIL SENTENCE

LONDON (AP)—Earl Bertrand Russell, 89, British mathematician and philosopher, was sentenced Tuesday to seven days in jail for declining to promise to keep the peace in his civil disobedience campaign against nuclear weapons.

A judge sentenced him to two months at the end of a hearing in the Bow Street Magistrates Court, but reduced the sentence to a week when shown a medical report indicating that the longer term would be too much of a hardship for the frail peer.

Twenty-seven of his fellow campaigners were sentenced to a month in jail and three others to two months. Five others promised to keep the peace and were freed. All were members of an anti-nuclear organization called the "Committee of 100." Russell, his wife and 35 others were charged with "inciting members of the public to commit a breach of the peace next Sunday."

Russell and his supporters, who believe in civil disobedience to further their cause, plan a mass sitdown protest in Parliament Square next Sunday against nuclear weapons.

Pentagon To Push B-70 Bomber Plan

WASHINGTON (AP)—A strong possibility arose today that the Pentagon may reverse itself to recommend buying more B52 bombers and push development of the 2,000 m.p.h. B70 bomber.

Final decision will be up to President Kennedy, acting on any recommendation Secretary of Defense Robert S. McNamara might make.

The matter is under study, the Pentagon said in response to a query from a reporter who noted that almost a month has passed since Kennedy signed the \$46,662,555,000-defense appropriation bill.

Since the bill took effect Aug. 18, there has been no word on what would be done with the nearly \$700 million Congress added on for more long-range bombers, which the administration said were needed, and for accelerated development of the B70, which the administration sought to cut back.

Air Force officials said they were optimistic that McNamara would change his opposition to spending more millions for these purposes.

HOLD FAMILY REUNION

The sixth annual reunion of the descendants of Solomon and Leah Starnar was held in the community hall, Bendersville, with 101 persons present.

Birthdays of Norman Starnar and Richard Starnar were acknowledged. Lois Ann Starnar, accompanied by Mrs. Chester Starnar at the piano, sang "My Heavenly Father."

Prizes were awarded as follows: Oldest man present, Clayton Starnar, 80; oldest lady present, Mrs. Rosie Starnar, 81; couple married longest, Mr. and Mrs. Clayton Starnar, 54 years; newly married, Mr. and Mrs. Keith Starnar; youngest child present, Neil Starnar, son of Mr. and Mrs. Miles Starnar, nine months; largest family present, Mr. and Mrs. Clayton Starnar; traveled longest distance, Dean Starnar, 167 miles. Debra Cline and Mrs. Earl Starnar won the door prizes.

The following officers were elected: Myles Starnar, president; Chester Starnar, vice president; Denzil W. Sussner, secretary; James Starnar, treasurer; Warren Starnar, historian.

Linwood Starnar showed pictures of his trip to Europe.

Indicted For Murder In Love Shooting

LEBANON, Pa. (AP) — Mrs. Shelia Jean Werdt, 23, of Lebanon, was indicted on a charge of murder Monday in the fatal shooting of a young divorcee.

Mrs. Werdt is accused of killing Mrs. Lorraine E. Snyder, 23, of New Bloomfield, last Aug. 9 in a shooting spree at an Indiantown Gap parking lot.

According to police, the shooting occurred after Mrs. Werdt found her husband and Mrs. Snyder together at the annual picnic of the State Agricultural Department at the Indiantown Gap Military Reservation.

Mrs. Werdt also faces a charge of assault with intent to kill in the wounding of her husband, Earl, 29.

LOWEST DEATH RATE ON ROADS

HARRISBURG (AP) — The National Safety Council today cited Pennsylvania for the lowest per-mile highway death rate in the country in 1960.

Although 1,609 persons died in traffic accidents last year, the state's fatality average per 100 million miles of travel was 4.0, compared with a national rate of 5.3.

In remarks prepared for ceremonies to present a National Safety Council plaque to Pennsylv-

W. Knipple, 25, of Scottdale. Knipple was tunneling a road against a hillside in a steam shovel when he was buried by the slide.

Earl Hall, 25, brother-in-law of the victim, was taken to Jeanette Hospital for treatment of shock. Hall witnessed the accident.

vania, Gov. Lawrence said:

"Although we have good reason to congratulate ourselves on the progress we have made in highway safety recently, I know that none of us considers the challenge more than halfway met."

CAN'T RELAX EFFORTS

"But our death toll was still 1,609... With this many lives at stake, we cannot afford to relax any of our efforts to make our highways safer. The need for strong, militant programs is as great today as it has ever been—and the need will not diminish."

"I am confident that we will go on finding new ways to improve Pennsylvania's traffic safety record. Moreover, we will do it the way it should, and must, be done: as private citizens and as public officials devoted to the fight against a ruthless and unrelenting adversary, death on our highways."

No point showing the '62 Volkswagen. It still looks the same.

No heads will turn when you drive a '62 Volkswagen home. (An eagle-eyed neighbor may notice the taillights are a little bigger. But that's the only clue.) There are still no fins on our '62 model. No new chrome. Everything is right where we left it in '61. Including the price: \$1,595.00.*

Inside is another story.

We've put all our time and effort into improvements that matter. The '62 VW runs more quietly. There are new clutch and brake cables as well as steering parts that never need main-

tenance. Heater outlets front and rear. Easier braking. And 24 more.

There's one change that's a gasser. Literally. We've added a gas gauge. Our first.

Die-hards may think we've stolen some of the sporting flavor from Volkswagen driving. But the gas gauge may turn out to be more useful than you'd imagine. It will not only show whether your tank is E or F; it will prove you're driving a '62.

1962 may go down in VW history as the year of the big change.

WINS BATTLE AGAINST RASH TO SAVE FACE

LOUGHTON, England (AP)—Jane Reeve, who breaks out in a rash when she mixes with boys, has won her battle to save her schoolgirl complexion.

She gaily skipped off today to an all-girl school where there'll be no boys to bring out those ugly blemishes.

Jane, 11, is allergic to boys. Boys make her nervous. That brings on the rash.

FATHER PROTESTED

Finishing at her girls' school, Jane was threatened with a rash of rashes when she was assigned to a coed high school in this town just outside London.

Her father, Leslie Reeve, protested to the local educational authorities. He told them about the rashes.

The authorities turned down his request that Jane be allowed to attend the local girls-only school. That school, they said, is full.

Even a doctor's certificate, pointing out Jane's strange ailment, wouldn't budge them, "IS JUSTIFICATION"

Until Tuesday, that is, when the authorities, after thinking things over, decided that in the interests of her health Jane should go to a girls' school.

An education official said: "It is felt that, in view of Jane's extreme nervousness, there is justification for her to be allowed to attend a single-sex school."

He said a place had been found at a girls' school a few miles out of Loughton.

Baby Is Born In Hurricane Shelter

HOUSTON, Tex. (AP)—Hurricane winds didn't howl alone near the Texas coast.

A son was born to Mrs. Ray Rubino in an elementary school shelter at Angleton Monday night. The delivery was made under the beam of a flashlight by three nurses without a doctor's help.

At Lamarque, two babies were born in the Galveston County Hospital while the city was isolated.

Mrs. Stephen Dupuis, 20, of Port Arthur, gave birth to a boy after she was taken from a refuge shelter to a hospital at Huntsville.

TO FACE MURDER CHARGE OF KIN

HARRISBURG (AP)—Norman W. Larnear, a 39-year-old unemployed railroader from Harrisburg, was indicted on a charge of murder Tuesday in the hammer-slaying of his 14-year-old daughter.

Larnear is accused of savagely beating the girl, Kathy, with a hammer last June 2, three days before she was to have been graduated from Edison Junior High School.

The youngster died the same day at Harrisburg Hospital. Larnear stabbed himself in the chest after beating the girl.

Police said that just six months ago, the defendant was discharged from the Veterans Administration Hospital at Lebanon where he was undergoing treatment for a mental disorder.

State Brochure Has Wrong Anglers

SACRAMENTO, Calif. (AP)—The Lake Shasta Chamber of Commerce looked twice when shown a brochure designed to boost fishing in Pennsylvania.

The chamber says the brochure, published by the Pennsylvania Fish Commission, includes a picture of a lake, a boat and three men—one holding a string of fish.

The chamber says the men are George Dedrick of Alturas, Calif.; Orville Baker of Los Altos, Calif.; and John Wolf of Campbell, Calif. And the lake? California's Lake Shasta.

59 PRISONERS ESCAPE

ACAPULCO, Mexico (AP)—Taking advantage of the distraction provided by a thunderstorm, 59 prisoners escaped from the city jail Tuesday. The prisoners had dug a tunnel under the prison wall.

DECLARE PUBLIC CALAMITY

MANILA (AP)—President Carlos P. Garcia declared a nationwide state of public calamity Tuesday because of a shortage of rice, the Philippines' staple food. The president's proclamation permits seizure of all hoarded rice stocks for public sale and sets ceiling prices. Garcia said the action was needed to avert panic and disorder.

The earth's largest living thing, the giant sequoia tree, sprouts from a tiny seed re-germinating a rolled oat. It takes 3,000 seeds to make an ounce.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—What would you do if someone offered you a million dollars to quit what you were doing?

The chance came to film producer Samuel Bronston. He said, "No!"

Bronston had just begun shooting his picture, "King of Kings," when the representatives of another company which wished to make a film of the life of Christ—20th Century-Fox—approached him.

OFFERED MILLION

"They offered to pay all my expenses—and give me a cool million dollars besides if I'd abandon my project," recalled Bronston. "And this was only the beginning—they'd have gone higher. But I told them I couldn't quit."

"It seemed inhuman to me to give up. I had dreamed of making the life of Christ ever since I helped photograph art and religious treasures for the Vatican a dozen years ago."

"You're not always working just for money. Money is the consequence of deeds. You merely trade money for time to achieve your goals."

BIG IDEAS

Bronston, one of nine children of a Bessarabian farmer, is a small, shy-voiced man with big ideas. He was graduated from the Sorbonne with a degree in political science, played the flute in the Paris Symphony Orchestra, and became one of Europe's top film salesmen before turning to producing.

He poured \$9 million into "King of Kings," spent another \$9 million on "El Cid," both of which will be released this fall. He also has plans under way for three more

Plan Evacuation From Bomb Fallout

OSLO (AP)—Authorities plan to evacuate the population in large areas of northern Norway if Soviet nuclear explosions cause a dangerous increase in the radioactive fallout, a civil defense spokesman said today.

Sverre Servan, civil defense adjutant, said that 60 observation stations are operating in the north of Norway to warn the population if any of the Soviet test explosions create dangerous conditions.

epic productions totaling \$18 million. His headquarters is in Madrid, where he has taken over most of Spain's two largest studios.

"I'm not equipped for small pictures," he said. "I am interested in big productions with international appeal."

BIG STORIES

"I like to play against an open ceiling—where the sky's the limit. There is a great market for big stories that are clean and moral and beautiful. That is what the people of all countries really want."

"And I want to cater to families—not to maniacs."

Two incidents show Bronston's unusual attitude toward budget costs.

GRANITE TEMPLE

He spent \$180,000 building a 100-foot tall granite temple of Judea for "King of Kings." A hurricane destroyed it overnight. Strolling about the ruins in his pajamas, Bronston said only two words:

"Rebuild it."

A film company wanting to make another Biblical picture offered him \$300,000 for his City of Jerusalem set.

"No, that wouldn't be right—there's too much of us in it," said Bronston. "If we have no other use for it, it's better to tear it down."

Educator Joins Staff At Dickinson

CARLISLE, Pa. (AP)—Dr. C. O. Williams, nationally known authority on teacher education, is coming out of retirement to become a professor of education at Dickinson College.

Dr. Howard L. Rubendall, Dickinson president, said Tuesday Williams has agreed to teach a course in the Department of Education and assist with the work of the admissions office.

For 35 years, Williams taught at Pennsylvania State University. When he retired last June, he held the post of assistant to Penn State's president.

The old City of London, which consists of one square mile, has only 4,900 permanent residents. However, it is London's financial district and some 400,000 people work there during a business day.
